

**NORTHWESTERN UNIVERSITY FEINBERG SCHOOL OF MEDICINE  
SIMPSON QUERREY BIOMEDICAL RESEARCH CENTER  
GENERAL CONSTRUCTION PHASE 1**

**CONSTRUCTION UPDATE – FOUR-WEEK LOOK AHEAD: 04/01/18 to 04/30/18**

- Concrete work is substantially complete. Occasional Concrete trucks will still access site via Huron Street site access.
- Exterior Curtainwall work on main tower is complete with work on the lower level curtainwall progressing thru summer. Delivery trucks will continue using both Superior and Huron Street Site access.
- Lurie Rooftop Boiler Equipment set in place. Equipment hookup work for new heating plant will continue thru all of 2018.
- Superior Street Bridge enclosure work will extend thru summer.
- Exterior demolition of the Northeast corner of existing Lurie Medical Research Building (LMRC) for new Wintergarden is substantially complete. New Structural Steel framing and Glass enclosure work will continue thru summer. Interior Buildout will continue thru the end of 2018. Refer to attached rendering.
- As interior construction continues vertically, the occupants of Lurie Building will notice an increased potential for intermittent noise disruptions due to the closer proximity of the construction work. We will notify Lurie occupants of specific operations that will be impactful however please contact Jay Baehr ([j-baehr@northwestern.edu](mailto:j-baehr@northwestern.edu)) with any particular issues or concerns.

**CONSTRUCTION WORK HOURS:**

- Work hours will be per the City of Chicago allotted 8am-8pm time frame.
- Periodic Saturday work is planned during this phase.
