## Division of Student Affairs Employee-Student Relationships Policy

In the Division of Student Affairs, employees recognize their unique relationships with Northwestern University students as trusted university representatives. Student Affairs employees demonstrate respect for students as individuals and avoid any exploitation, harassment, or discriminatory treatment of students. In many situations, participation in a romantic or sexual relationship with a student, even when consensual, is considered exploitative toward the student, imperils the integrity of the work and educational environment, and constitutes a prohibited conflict of interest.

Student Affairs prohibits all division employees from engaging in romantic, dating, or sexual relationships with Northwestern students whom they are currently supervising, advising, evaluating, mentoring, teaching, or counseling in the scope of their duties. For the purpose of this policy, Student Affairs employees include staff, faculty, administrators, and student employees of Student Affairs. Student employees include, but are not limited to, graduate assistants, Residential Services graduate student positions, and practicum students.

If a Student Affairs employee is found to be in a prohibited relationship under the policy, the employee will face disciplinary action in accordance with disciplinary procedures contained in the relevant handbooks, policies, procedures, practices, or contracts.

I the undersigned Student Affairs employee have read and understand the above policy and agree to comply with the standards and requirements contained therein, and further understand that violation of this policy may lead to disciplinary action as stated above.

**Note:** These instructions are written for employees to address withholding from wages. However, this form can also be completed and submitted to a payor if an agreement was made to voluntarily withhold Illinois Income tax from other (non-wage) Illinois income.

### Who must complete Form IL-W-4?

If you are an employee, you must complete this form so your employer can withhold the correct amount of Illinois Income Tax from your pay. The amount withheld from your pay depends, in part, on the number of allowances you claim on this form.

Even if you claimed exemption from withholding on your federal Form W-4, U.S. Employee's Withholding Allowance Certificate, because you do not expect to owe any federal income tax, you may be required to have Illinois Income Tax withheld from your pay (see Publication 130, Who is Required to Withhold Illinois Income Tax). If you are claiming exempt status from Illinois withholding, you must check the exempt status box on Form IL-W-4 and sign and date the certificate. Do not complete Lines 1 through 3.

If you are a resident of Iowa, Kentucky, Michigan, or Wisconsin, or a military spouse, see Form W-5-NR, Employee's Statement of Nonresidence in Illinois, to determine if you are exempt.

**Note** If you do not file a completed Form IL-W-4 with your employer, if you fail to sign the form or to include all necessary information, or if you alter the form, your employer must withhold Illinois Income Tax on the entire amount of your compensation, without allowing any exemptions.

### When must I submit this form?

You should complete this form and give it to your employer on or before the date you start work. You must submit Form IL-W-4 when Illinois Income Tax is required to be withheld from compensation that you receive as an employee. You may file a new Form IL-W-4 any time your withholding allowances increase. If the number of your claimed allowances decreases, you **must** file a new Form IL-W-4 within 10 days. However, the death of a spouse or a dependent does not affect your withholding allowances until the next tax year.

### When does my Form IL-W-4 take effect?

If you do not already have a Form IL-W-4 on file with your employer, this form will be effective for the first payment of compensation made to you after this form

is filed. If you already have a Form IL-W-4 on file with this employer, your employer may allow any change you file on this form to become effective immediately, but is not required by law to change your withholding until the first payment of compensation is made to you after the first day of the next calendar quarter (that is, January 1, April 1, July 1, or October 1) that falls at least 30 days after the date you file the change with your employer.

**Example:** If you have a baby and file a new Form IL-W-4 with your employer to claim an additional allowance for the baby, your employer may immediately change the withholding for all future payments of compensation. However, if you file the new form on September 1, your employer does not have to change your withholding until the first payment of compensation is made to you after October 1. If you file the new form on September 2, your employer does not have to change your withholding until the first payment of compensation made to you after December 31.

### How long is Form IL-W-4 valid?

Your Form IL-W-4 remains valid until a new form you have submitted takes effect or until your employer is required by the Department to disregard it. Your employer is required to disregard your Form IL-W-4 if

- you claim total exemption from Illinois Income Tax withholding, but you have not filed a federal Form W-4 claiming total exemption, or
- the Internal Revenue Service (IRS) has instructed your employer to disregard your federal Form W-4.

### What is an "exemption"?

An "exemption" is a dollar amount on which you do not have to pay Illinois Income Tax that you may claim on your Illinois Income tax return.

### What is an "allowance"?

The dollar amount that is exempt from Illinois Income Tax is based on the number of allowances you claim on this form. As an employee, you receive one allowance unless you are claimed as a dependent on another person's tax return (e.g., your parents claim you as a dependent on their tax return). If you are married, you may claim additional allowances for your spouse and any dependents that you are entitled to claim for federal income tax purposes. You also will receive additional allowances if you or your spouse are age 65 or older, or if you or your spouse are legally blind.

**Note:** For tax years beginning on or after January 1, 2017, the personal exemption allowance, and additional allowances if you or your spouse are age 65 or older, or if you or your spouse are legally blind, may **not** be claimed on your Form IL-1040 if your adjusted gross income for the taxable year exceeds \$500,000 for returns with a federal filing status of married filing jointly, or \$250,000 for all other returns. You may complete a new Form IL-W-4 to update your exemption amounts and increase your Illinois withholding.

### How do I figure the correct number of allowances?

Complete the worksheet on the back of this page to figure the correct number of allowances you are entitled to claim. Give your completed Form IL-W-4 to your employer. Keep the worksheet for your records.

**Note** If you have more than one job or your spouse works, your withholding usually will be more accurate if you claim all of your allowances on the Form IL-W-4 for the highest-paying job and claim zero on all of your other IL-W-4 forms.

### How do I avoid underpaying my tax and owing a penalty?

You can avoid underpayment by reducing the number of allowances or requesting that your employer withhold an additional amount from your pay. Even if your withholding covers the tax you owe on your wages, if you have non-wage income that is taxable, such as interest on a bank account or dividends on an investment, you may have additional tax liability. If you owe more than \$500 tax at the end of the year, you may owe a late-payment penalty or will be required to make estimated tax payments. For additional information on penalties see Publication 103, Uniform Penalties and Interest. Visit our website at [tax.illinois.gov](http://tax.illinois.gov) to obtain a copy.

# Illinois Withholding Allowance Worksheet

## General Information

Use this worksheet as a guide to figure your total withholding allowances you may enter on your Form IL-W-4.

Complete Step 1.

Complete Step 2 if

- you (or your spouse) are age 65 or older or legally blind, or
- you wrote an amount on Line 4 of the Deductions and Adjustments Worksheet for federal Form W-4.

If you have more than one job or your spouse works, your withholding usually will be more accurate if you claim all of your allowances on the Form IL-W-4 for the highest-paying job and claim zero on all of your other IL-W-4 forms.

You may reduce the number of allowances or request that your employer withhold an additional amount from your pay, which may help avoid having too little tax withheld.

## Step 1: Figure your basic personal allowances (including allowances for dependents)

Check all that apply:

- No one else can claim me as a dependent.
- I can claim my spouse as a dependent.

- 1 Enter the total number of boxes you checked. 1 \_\_\_\_\_
- 2 Enter the number of dependents (other than you or your spouse) you will claim on your tax return. 2 \_\_\_\_\_
- 3 Add Lines 1 and 2. Enter the result. This is the total number of basic personal allowances to which you are **entitled**. You are not required to claim these allowances. The number of basic personal allowances that you choose to claim will determine how much money is withheld from your pay. See Line 4 for more information. 3 \_\_\_\_\_
- 4 Enter the total number of basic personal allowances you choose to claim on this line and Line 1 of Form IL-W-4 below. This number may not exceed the amount on Line 3 above, however you can claim as few as zero. Entering lower numbers here will result in more money being withheld(deducted) from your pay. 4 \_\_\_\_\_

## Step 2: Figure your additional allowances

Check all that apply:

- I am 65 or older.
- I am legally blind.
- My spouse is 65 or older.
- My spouse is legally blind.

- 5 Enter the total number of boxes you checked. 5 \_\_\_\_\_
- 6 Enter any amount that you reported on Line 4 of the Deductions and Adjustments Worksheet for federal Form W-4 plus any additional Illinois subtractions or deductions. 6 \_\_\_\_\_
- 7 Divide Line 6 by 1,000. Round to the nearest whole number. Enter the result on Line 7. 7 \_\_\_\_\_
- 8 Add Lines 5 and 7. Enter the result. This is the total number of additional allowances to which you are **entitled**. You are not required to claim these allowances. The number of additional allowances that you choose to claim will determine how much money is withheld from your pay. 8 \_\_\_\_\_
- 9 Enter the total number of additional allowances you elect to claim on Line 2 of Form IL-W-4, below. This number may not exceed the amount on Line 8 above, however you can claim as few as zero. Entering lower numbers here will result in more money being withheld(deducted) from your pay. 9 \_\_\_\_\_

**IMPORTANT:** If you want to have additional amounts withheld from your pay, you may enter a dollar amount on Line 3 of Form IL-W-4 below. This amount will be deducted from your pay in addition to the amounts that are withheld as a result of the allowances you have claimed.

----- Cut here and give the certificate to your employer. Keep the top portion for your records. -----

This form is authorized under the Illinois Income Tax Act. Disclosure of this information is required. Failure to provide information may result in this form not being processed and may result in a penalty.

**Employer:** Keep this certificate with your records. If you have referred the employee's federal certificate to the IRS and the IRS has notified you to disregard it, you may also be required to disregard this certificate. Even if you are not required to refer the employee's federal certificate to the IRS, you still may be required to refer this certificate to the Illinois Department of Revenue for inspection. See Illinois Income Tax Regulations 86 Ill. Adm. Code 100.7110.

# Form W-4 (2018)

**Future developments.** For the latest information about any future developments related to Form W-4, such as legislation enacted after it was published, go to [www.irs.gov/FormW4](http://www.irs.gov/FormW4).

**Purpose.** Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. Consider completing a new Form W-4 each year and when your personal or financial situation changes.

**Exemption from withholding.** You may claim exemption from withholding for 2018 if **both** of the following apply.

- For 2017 you had a right to a refund of **all** federal income tax withheld because you had **no** tax liability, **and**
- For 2018 you expect a refund of **all** federal income tax withheld because you expect to have **no** tax liability.

If you're exempt, complete **only** lines 1, 2, 3, 4, and 7 and sign the form to validate it. Your exemption for 2018 expires February 15, 2019. See Pub. 505, Tax Withholding and Estimated Tax, to learn more about whether you qualify for exemption from withholding.

## General Instructions

If you aren't exempt, follow the rest of these instructions to determine the number of withholding allowances you should claim for withholding for 2018 and any additional amount of tax to have withheld. For regular wages, withholding must be based on allowances you claimed and may not be a flat amount or percentage of wages.

You can also use the calculator at [www.irs.gov/W4App](http://www.irs.gov/W4App) to determine your tax withholding more accurately. Consider

using this calculator if you have a more complicated tax situation, such as if you have a working spouse, more than one job, or a large amount of nonwage income outside of your job. After your Form W-4 takes effect, you can also use this calculator to see how the amount of tax you're having withheld compares to your projected total tax for 2018. If you use the calculator, you don't need to complete any of the worksheets for Form W-4.

Note that if you have too much tax withheld, you will receive a refund when you file your tax return. If you have too little tax withheld, you will owe tax when you file your tax return, and you might owe a penalty.

**Filers with multiple jobs or working spouses.** If you have more than one job at a time, or if you're married and your spouse is also working, read all of the instructions including the instructions for the Two-Earners/Multiple Jobs Worksheet before beginning.

**Nonwage income.** If you have a large amount of nonwage income, such as interest or dividends, consider making estimated tax payments using Form 1040-ES, Estimated Tax for Individuals. Otherwise, you might owe additional tax. Or, you can use the Deductions, Adjustments, and Other Income Worksheet on page 3 or the calculator at [www.irs.gov/W4App](http://www.irs.gov/W4App) to make sure you have enough tax withheld from your paycheck. If you have pension or annuity income, see Pub. 505 or use the calculator at [www.irs.gov/W4App](http://www.irs.gov/W4App) to find out if you should adjust your withholding on Form W-4 or W-4P.

**Nonresident alien.** If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

your wages and other income, including income earned by a spouse, during the year.

**Line G. Other credits.** You might be able to reduce the tax withheld from your paycheck if you expect to claim other tax credits, such as the earned income tax credit and tax credits for education and child care expenses. If you do so, your paycheck will be larger but the amount of any refund that you receive when you file your tax return will be smaller. Follow the instructions for Worksheet 1-6 in Pub. 505 if you want to reduce your withholding to take these credits into account.

### **Deductions, Adjustments, and Additional Income Worksheet**

Complete this worksheet to determine if you're able to reduce the tax withheld from your paycheck to account for your itemized deductions and other adjustments to income such as IRA contributions. If you do so, your refund at the end of the year will be smaller, but your paycheck will be larger. You're not required to complete this worksheet or reduce your withholding if you don't wish to do so.

You can also use this worksheet to figure out how much to increase the tax withheld from your paycheck if you have a large amount of nonwage income, such as interest or dividends.

Another option is to take these items into account and make your withholding more accurate by using the calculator at [www.irs.gov/W4App](http://www.irs.gov/W4App). If you use the calculator, you don't need to complete any of the worksheets for Form W-4.

### **Two-Earners/Multiple Jobs Worksheet**

Complete this worksheet if you have more

than one job at a time or are married filing jointly and have a working spouse. If you don't complete this worksheet, you might have too little tax withheld. If so, you will owe tax when you file your tax return and might be subject to a penalty.

Figure the total number of allowances you're entitled to claim and any additional amount of tax to withhold on all jobs using worksheets from only one Form W-4. Claim all allowances on the W-4 that you or your spouse file for the highest paying job in your family and claim zero allowances on Forms W-4 filed for all other jobs. For example, if you earn \$60,000 per year and your spouse earns \$20,000, you should complete the worksheets to determine what to enter on lines 5 and 6 of your Form W-4, and your spouse should enter zero ("-0-") on lines 5 and 6 of his or her Form W-4. See Pub. 505 for details.

Another option is to use the calculator at [www.irs.gov/W4App](http://www.irs.gov/W4App) to make your withholding more accurate.

**Tip:** If you have a working spouse and your incomes are similar, you can check the "Married, but withhold at higher Single rate" box instead of using this worksheet. If you choose this option, then each spouse should fill out the Personal Allowances Worksheet and check the "Married, but withhold at higher Single rate" box on Form W-4, but only one spouse should claim any allowances for credits or fill out the Deductions, Adjustments, and Additional Income Worksheet.

### **Instructions for Employer**

**Employees, do not complete box 8, 9, or 10. Your employer will complete these boxes if necessary.**

**New hire reporting.** Employers are

required by law to report new employees to a designated State Directory of New Hires. Employers may use Form W-4, boxes 8, 9, and 10 to comply with the new hire reporting requirement for a newly hired employee. A newly hired employee is an employee who hasn't previously been employed by the employer, or who was previously employed by the employer but has been separated from such prior employment for at least 60 consecutive days. Employers should contact the appropriate State Directory of New Hires to find out how to submit a copy of the completed Form W-4. For information and links to each designated State Directory of New Hires (including for U.S. territories), go to [www.acf.hhs.gov/programs/css/employers](http://www.acf.hhs.gov/programs/css/employers).

If an employer is sending a copy of Form W-4 to a designated State Directory of New Hires to comply with the new hire reporting requirement for a newly hired employee, complete boxes 8, 9, and 10 as follows.

**Box 8.** Enter the employer's name and address. If the employer is sending a copy of this form to a State Directory of New Hires, enter the address where child support agencies should send income withholding orders.

**Box 9.** If the employer is sending a copy of this form to a State Directory of New Hires, enter the employee's first date of employment, which is the date services for payment were first performed by the employee. If the employer rehired the employee after the employee had been separated from the employer's service for at least 60 days, enter the rehire date.
