We help you translate your academic and co-curricular experience into professional skills and opportunities FROM DAY ONE.

**FINANCE**

**CAREER PLAN**

**SENIOR YEAR**

MAKE decisions about post-graduation opportunities and implement your intentional career search strategy.

REFLECT on your summer experience and what you learned.

IF OFFERED A FULL-TIME ROLE, investigate offer and assess if it matches career needs for the future.

EXPAND your knowledge of specific finance opportunities and examine work settings.

ENGAGE in networking at employer information sessions, coffee chats, career fairs, etc.

IDENTIFY employers to pursue based on the perceived cultural fit and skill set requirement.

IF APPLICABLE, CONSIDER full-time employment offer from summer internship experience.

UPDATE your resume in CareerCat, incorporating professional skills and accomplishments from junior year experiences.

ATTEND career fairs to make full-time employment connections with specific employers.

APPLY for full-time positions as early as the summer and tailor cover letters to each company and position.

PARTNER with Northwestern Career Advancement, Alumni Association, or School-based Professional Development office to think of ways to impart career knowledge to younger students.

FOLLOW UP with employer contacts from past career fairs, information sessions, and informational interviews.

DO NOT MISS INTERVIEWS and show up early and prepared.
