**Re-examining Departmental Representation**

Governance Subcommittee Chair, Paul Arntson, strongly recommended the GFC to re-examine departmental representation, and highlighted the issues associated with the current plan. Data for an alternative plan was presented and GFC members weighed in on the matter. After much debate, it was determined that this issue be brought before the Senate at the January 28th Meeting. On a separate note, the challenge in getting accurate data from the administration on the number of faculty members within programs and centers remains a problem. In light of this discussion, the following third amendment was presented:

**Amendment 3: Quorum to consist of all elected members rather than potential open seats**

A motion was made, and seconded, to change the following current language from: “The quorum must be a majority of the members” to “A quorum consists of the majority of the elected members (not the number of seats that potentially could be filled).” The floor was opened and a short discussion ensued. General Faculty Committee members voted and the motion was passed.

**4. Final Vote on Governance Document**

A motion was made, and seconded, in favor of the acceptance by the GFC of the revised governance documents. The floor was opened for a ten minute discussion and several comments were made. General Faculty Committee members voted and the motion was passed unanimously.

The approved governance document will be presented to the faculty body at the January 28th University Faculty Senate meeting. If approved by the Senate, the GFC will work with the administration to present the governance document to the Board of Trustees for their approval of the statutes, and more specifically, the articles of authorization to establish a University Faculty Assembly and a Faculty Senate, to be included in the statutes of the university.
5. Reports of the Subcommittees

Budget Subcommittee Report: Sandro Mussa-Ivaldi, Budget Subcommittee Chair, discussed the challenges facing the Budget subcommittee, including administrative barriers, greater accessibility to budget data, and faculty involvement in budgetary decision making. GFC members discussed these challenges in great detail and were encouraged to submit questions to the Budget subcommittee to be presented at the next meeting with the administration.

Childcare Subcommittee Report: Andrew Koppelman, Childcare Subcommittee Chair, has been communicating with the administration and is currently waiting for an update.

Benefits Subcommittee: Anupam Garg, Benefits Subcommittee Chair, talked about current benefits topics being examined by the Human Resources department, which include health plans for retirees and increasing wellness benefits for all NU employees. Anupam asked GFC members to volunteer, or to encourage others to volunteer, in joining the Benefits department in tackling the wellness benefits initiative. Additionally, GFC members requested the Benefits Subcommittee to investigate taxable benefits for gays and lesbians, improving the current tuition benefits plan, and increasing SPAC benefits.

6. Reports on the Trustees/GFC Meeting on December 5th

Stephen Eisenman thanked everyone who participated in the December 5th Board of Trustees meeting. GFC members shared their experiences and reflected on noteworthy meeting moments. As a follow-up to the BOT meeting, the GFC will invite President Schapiro to the March GFC meeting to talk about the University’s strategic plan.

7. Report on the Ombudsman

Laurie Zoloth is proactively communicating with the administration regarding the implementation of the Ombudsman program and is currently awaiting their response. She has discovered an elaborate Ombudsman Association training program, which should aide in the training of the new NU Ombudsmen.

8. Report on Traffic on Sheridan Road

William Ocasio, Chair of the Campus Safety Subcommittee, is waiting for an update from the administration on the date of the upcoming city council meeting, at which traffic safety plans for
Sheridan Road will be discussed. William has expanded the Campus Safety Subcommittee membership to include staff, and faculty members outside of the GFC.

9. New Business

Travel Reimbursement Policy: There is great concern over the overwhelming amount of time required to submit travel expense reports, from meticulously entering each expense to keeping every minor receipt and taping each corner of that receipt to a blank sheet of paper. Jian Cao has agreed to look into the matter further and will report back to the GFC on her findings.

Posting the Faculty Survey: Paul Arntson will proceed in making available the 2007 Faculty Survey results on the GFC website.

IRB Issues: A request was made asking the Research Subcommittee to look into the IRB issues currently surfacing.

Conclusion
- The next GFC Meeting will be held on February 3, 2010 at 7:00 pm in Scott Hall room 201 (the Ripton Room).

The meeting was adjourned at 9:01 pm.
