PROJECT HORSESHOE FARM

Working together to build a stronger community, to support our vulnerable neighbors, and to prepare leaders for tomorrow’s communities.

What do we do?

Housing Program
Our two Enhanced Independent Living Housing programs for women facilitate independence, social and community engagement, and improved quality of life in a non-institutional setting.

Adult Day Program
Health, wellness, and enrichment activities engage the entire community, combating isolation and lack of purpose. On-site clinical services, community support, and our health partner program all help participants avoid unnecessary hospital stays.

Youth Program
Our summer and after school programs provide tutoring, mentorship, and academic enrichment to K-12 students, helping them reach their full potential.

Leadership Development
Through community engagement, nonprofit management, and weekly discussions, we develop the skills to become tomorrow’s leaders in community based healthcare, education, and other service fields.

About Project HSF

Project Horseshoe Farm (HSF), founded in 2007, is a 501(c)3 non-profit organization based in Greensboro, Alabama that offers service and support programs to improve the health and quality of life of adults and children in our community.

HSF also offers unique education and leadership development opportunities for current undergraduates, recent college graduates, medical students, and allied health students.

The 13-month Gap Year Fellowship for recent graduates begins in June and ends in July of the following year. Internships are open to current undergraduates and medical students in summer, fall, winter, and spring.

Application information can be found at www.projecthsf.org.
