Program Highlights: An “open door” policy welcomes parents of enrolled children to drop in at any time.
The center has been custom-designed to fully meet the child care and educational
needs of young children and to maximize learning, ensure safety, and support
teacher supervision. The infant room is especially designed for very young children
to explore their world in a stimulating, healthy, and safe way with quiet spaces for
nurturing. Teachers in the infant and toddler programs provide a caring and
supportive environment that gently encourages increasing mobility and exploration.
The preschool program provides the same nurturing and support, as well as an
exciting environment where children can begin to discover the world around them
through language, math, science, art, movement, and music.
