### Hobbies and/or other leisure activities of interest to you

English Conversation partners functions by pairing one student or post doc with one CCIS volunteer. Initial meetings are to take place in a public place at a time of your mutual convenience. You can meet as often as you and your partner have time and or interest. Topics of conversation can be anything of your choosing or your partner's choosing, i.e. current events, safety habits, grocery shopping, child rearing, sports, or the latest fashions. If one of you plans to go out of town, or you find your exams or study load require more time, be sure to discuss it with your partner as meeting times and frequency can be adjusted.

Please fill out the above registration form and return it as an email attachment to me at [m-wildman@sbcglobsl.net](mailto:m-wildman@sbcglobsl.net). We are just now lining up our volunteers so matches will not be made until September. Please be patient. Thanks and I look forward to hearing about your conversation partner experiences.

*Maggie Wildman*
