

## News from the Basic Science Programs

### Meetings/Events in July

#### CHICAGO Campus

##### TGF- $\beta$ Group

Vanderwicken Library, Olson 8260  
Wednesday - July 12 @ 3:30pm

##### Virology Journal Club

Vanderwicken Library, Olson 8260  
Fridays - July 7, 14, 21, 26 @ 12pm

#### EVANSTON Campus

##### Cancer Cell Biology Group

Pancoe 4103  
Tuesdays - July 11 & 25 @ 9am

##### Virology Oncogenesis and Molecular Regulation Journal Club

Pancoe 4103  
Fridays - July 14 & 28 @ 10am

### Call for Fall-Winter 2006 Meeting Schedules

Please submit Fall-Winter 2006 meeting (clubs, groups, seminars) schedules no later than *August 21* to ensure publication in the September 2006 issue of the Basic Science Newsletter. Please provide contact names, phone numbers, emails and websites for inclusion.

### H-Foundation's Annual Goombay Bash!

*An evening in Paradise with ALL proceeds going to cancer research!*

**When:** Friday, August 11, 2006 @ 6:30pm

**Where:** Signature Room, Seven Bridges,  
1 Mulligan Drive, Woodridge, IL

**Tickets:** \$75/ticket; \$50 Grand Raffle (optional)

**Attire:** Casual (Hawaiian shirt optional)

**Information & directions:**

[www.goombaybash.com/sponsor.html](http://www.goombaybash.com/sponsor.html)

The H-Foundation was founded in 2001 by a group of friends after the loss of a friend to cancer. The organization is administered solely by volunteers allowing ALL proceeds raised to be donated directly to basic science cancer research at the Robert H. Lurie Comprehensive Cancer Center. The generosity of the H-Foundation has allowed Northwestern University to establish and advance its preeminence in the field of cancer research, specifically fostering remarkable growth in basic science research.

The Goombay Bash, the H-Foundation's annual fundraiser, combines a casual theme and an affordable price for a true Caribbean Festival to Find a Cure for Cancer. This small group of dedicated friends has raised almost \$1,000,000.

Please consider attending this important and exciting event!

---

### FREE Arrow Courier Service

The courier service is provided and supported by the RHLCCC to facilitate the transportation of materials between the Cancer Center Core Facilities. The courier makes stops at Evanston Northwestern Healthcare, Northwestern University's Chicago and Evanston campuses, and Children's Memorial Research Center. Download a schedule and labels at <http://www.northwestern.edu/neurobiology/faculty/Woodruff2/Basic%20Science/index.html>
