H-Foundation's Annual Goombay Bash - August 12, 2005

The H-Foundation was founded in 2001 by a group of friends after the loss of a friend to cancer. The organization is administered solely by volunteers allowing ALL proceeds raised to be donated directly to basic science cancer research at the Robert H. Lurie Comprehensive Cancer Center.

The Goombay Bash, the H-Foundation's annual fundraiser, combines a casual theme and an affordable price for a true Caribbean Festival to Find a Cure for Cancer. This small group of dedicated friends has raised almost \$750,000.

If you'd like to attend this year's bash, please go to <http://www.goombaybash.com/>
