News from the Basic Science Programs

Upcoming Events in September

You are welcome to attend these upcoming meetings in September:

CHICAGO Campus

Oncology Research Journal Club

Vanderwicken Library, Olson 8260
Wednesdays, Sept. 7 & 21 @ 11am

BEA Schriesheim Ovarian Cancer Symposium *The Power of New Discoveries: The Pathway to Understanding Ovarian Cancer*

Friday, Sept. 9 @ 8:30am-4:30pm

Register:

www.cancer.northwestern.edu/ovarian

Annual Basic Science Colloquium

Molecular Pathways Regulating Hematopoiesis and Leukemogenesis

Friday, Sept. 23 @ 8am-5pm

Register:

www.cancer.northwestern.edu/bsc

EVANSTON Campus

Advances in Molecular Endocrinology & Cancer Research

Pancoe 1403

Tuesdays - Sept. 27 @ 8:30am

Cancer Cell Biology Group Meetings

Pancoe 4103

Tuesdays - Sept. 8, 15, 21, 29 @ 9am

Metallobiochemistry Club

"Metals in the Milieu"

Nano 4003

Tuesdays - Sept. 6, 13, 20 & 27 @ 4pm

EVANSTON Campus (continued)

NU-ENH Cancer Research Seminar

Pancoe/ENH Auditorium

Thursday, Sept. 15 @ 4pm

Virology and Oncogenes Journal Club

Pancoe 4103 @ 10:00am

Fridays - Sept. 9 & 23

Core Facilities of the Robert H. Lurie Comprehensive Cancer Center

The Robert H. Lurie Comprehensive Cancer Center of Northwestern University funds shared facilities and resources that provide services, equipment and expertise that are fundamental to understanding the basic biology and clinical manifestations of cancer. These facilities and resources are accessible to all of the members of the Cancer Center and support the Cancer Center's mission to foster basic and translational research in the mechanisms and treatment of cancer.

We will be featuring the Core Facilities in the months to come. In the meantime, You can find these shared facilities and resources at:

http://www.cancer.northwestern.edu/Research/core_facilities.cfm

For any questions or comments:
