NORTHWESTERN
UNIVERSITY

Northwestern Institute on Complex Systems Seminar

Speaker: Janet Pierrehumbert, Adilson Motter, Chun-Liang Chan and Seth Myers; Northwestern University

Title: Wordemics

When: Wednesday, September 26, 2007

Where: Chambers Hall, 600 Foster Street, Lower Classroom Level

Time: 12:00 – 1:00

Refreshments will be available and a NICO Coffee Hour will follow for questions, networking, and collaboration.

Abstract

The topic of this seminar is the Wordemics project. Wordemics is a social network language game played by a group of people using a Flash web interface. We will first play the game, and then Janet and Adilson will explain to you what it is all about.

Please turn out in as large numbers as possible, bringing with you your wireless-enabled laptops supporting Flash. Bring your lab groups! Bring your friends! Janet and Adilson will be very happy if we can fill all 75 places in the room, as bigger networks give more interesting data.
