**Message from the Chair**

Happy New Year! We hope that you had a relaxing break and enjoyed the holidays. I would like to start this issue off with a few thank yous. First, thank you to University leadership for the winter recess. Having that additional time off to recharge for the winter quarter is very much appreciated. Next, we would like to thank all of you who participated in our Annual Holiday Drive. We were able to collect gifts for families in Evanston and Chicago, and we could not have done it without all of your help! Another big thank you goes out to all of you that completed the 2017 Staff Survey. NUSAC worked with senior leaders in our schools and units to ensure that we created a survey that would truly measure our thoughts about working at Northwestern. It was our chance to provide feedback and 73% of you did just that! Lastly, thank you to everyone that braved the cold to attend our first Big Ten football mixer. It was a chilly day, but we had a great time interacting with all of you.

As we head into the winter quarter, we have several events planned for you such as our Ice Skating Mixer, which will be another fun way for us all to mix and mingle. In this edition, we have also included information about events hosted by other staff groups. We encourage you to attend those as well and look forward to seeing you there. In the spring we will host our annual NU Cares Awareness Drive, as well as our Blessings in a Backpack food drive for school children currently receiving free and reduced lunch. Outreach to our community is very important to NUSAC, and as always, we appreciate those of you that choose to participate or invite others to join us in giving back.

We continue in this newsletter to highlight staff affinity groups to shed light on the important and beneficial work they do for staff around campus. Our second spotlight group is the Black Professionals Network, which is approaching its second anniversary. We hope that by placing a spotlight on our affinity groups, staff will have multiple options for assistance, feedback and camaraderie when needed.

Thank you for reading this edition, and we hope that you will find at least one activity that interests you and gives you an opportunity to meet new people at Northwestern. If you have any comments, suggestions or questions, please reach out to us. We wish you a wonderful winter quarter.
Wildcats take down Spartans in 5th Annual Staff Football Mixer

This season marked the first time that the annual NUSAC football mixer featured a Big Ten opponent in the Michigan State Spartans. The annual mixer is usually held in September and offers faculty and staff the opportunity to tailgate and mingle before cheering on the Wildcat football team. This year, over 300 staff members came together in frigid temperatures to enjoy a NUSAC sponsored tailgate on the Randy Walker Terrace before a nationally televised game against the 16th ranked Spartans.

Attendees who braved the cold temperatures were treated to a thrilling triple overtime victory in which the Wildcats were able to topple the Spartans, 39-31. The win improved the Wildcats record to 5-3 and was the second win in a row in overtime. The hot chocolate was flowing throughout the game and kept the attendees warm enough to enjoy the exhilarating finish.

NU Cares

Are you in need of one-time financial support due to a medical or other personal emergency, or are you interested in donating funds to help colleagues in this situation? To support these goals, NU Cares provides financial awards to faculty and staff on the basis of anonymously-reviewed applications. All staff and faculty contributions, in any amount, are welcome, including recurring automatic payroll donations.

From now through February 10, we are holding our annual Awareness Drive with a goal of receiving $2,500 in new contributions. We encourage all staff to review the program details on our website.

**NUSAC Blessings in a Backpack**

This will be NUSAC's fourth year participating in Blessings in a Backpack! This program provides elementary school children who are on the federal Free and Reduced Price Meal Program with a backpack of food to take home for 38 weekends during the school year. Our goal is to provide enough food items to sustain the children through their upcoming spring break. Backpack food includes easy-to-prepare, ready-to-eat foods. This year's drive will take place from February 12 - March 12. Flyers and an email blast will be forthcoming with suggested items and drop-off locations. We appreciate your support and look forward to another successful Blessings event.

Attendees will receive information on Institutional Shareholder Services (ISS) and their proxy voting database, and they will have the opportunity to ask questions about how corporate decisions are made on shareholder proposals.
