

<b><i>Institution</i></b>	
<b>GermanWatch</b>	<p><b><u>Germanwatch</u></b> has been actively promoting global equity and the preservation of livelihoods since 1991. In doing so, we focus on the politics and economics of the North with their worldwide consequences. The situation of marginalized people in the South is the starting point of our work. Together with our members and supporters as well as with other actors in civil society we intend to represent a strong lobby for sustainable development. We endeavor to approach our aims by advocating fair trade relations, responsible financial markets, compliance with human rights, and the prevention of dangerous climate change.</p>
<b>EUROSOLAR</b>	<p><b><u>EUROSOLAR</u></b> is a registered non-profit making organization that conducts its work independently of political parties, institutions, commercial enterprises and interest groups. EUROSOLAR develops and encourages political and economic action plans and concepts for the introduction of renewable energy. EUROSOLAR develops and encourages political and economic action plans and concepts for the introduction of renewable energy.</p>
<b>World Wind Energy Association (WWEA)</b>	<p><b><u>WWEA</u></b> is an international non-profit association embracing the wind sector worldwide, with members in 95 countries. WWEA works for the promotion and worldwide deployment of wind energy technology.</p> <ul style="list-style-type: none"> <li>• WWEA provides a platform for the communication of all wind energy actors worldwide.</li> <li>• WWEA advises and influences national governments and international organizations.</li> <li>• WWEA enhances international technology transfer.</li> </ul>
<b>International Council for Local Environment Initiatives (ICLEI)</b>	<p><b><u>ICLEI</u></b> is an international association of local governments as well as national and regional local government organizations who have made a commitment to sustainable development.</p> <p>ICLEI provides technical consulting, training, and information services to build capacity, share knowledge, and support local government in the implementation of sustainable development at the local level. Our basic premise is that locally designed initiatives can provide an effective and cost-efficient way to achieve local, national, and global sustainability objectives.</p>
<b>European Association of Development Research and Training Institutes (EADI)</b>	<p><b><u>EADI</u></b> is the leading professional network for development and regional studies in Europe. EADI's activities can be assigned to the following work areas:</p> <ul style="list-style-type: none"> <li>• Knowledge brokering</li> <li>• Research services</li> <li>• Training</li> <li>• Quality and standard setting in Europe</li> <li>• International co-operation</li> <li>• Funding and career services</li> </ul> <p>In 2011, the Bonn office will concentrate the biggest amount of its resources on the organization of EADI's 13<sup>th</sup> General Conference. <a href="http://www.eadi.org/gc2011">http://www.eadi.org/gc2011</a></p>

<b>CO2OL</b>	<a href="#">CO2OL</a> is a consulting and service agency for corporate climate protection and a brand of the ForestFinance Group. CO2OL is Europe's market leader in the consulting and supervision sector of green events or green meetings. CO2OL offers individual advice as well as practical solutions for: GreenCongress (event locations) GreenMeetings (business events and conferences), GreenEvents (sports events, concerts, festivals), GreenHotels (hotels, tourism destinations) as well as GreenMobility (including logistics, shipping). Furthermore, CO2OL is initiator and partner of the competence network <a href="#">my-green-meeting</a>
