# Where Were We?

## Government

COVID-19  
Public Health  
Emergency  
retroactive to  
January, 2020

- DHHS declares a public health emergency for the entire United States in responding to the 2019 novel coronavirus
- NIH allows pre-award costs retroactive to January 20 (NOT-OD-20-086)
- [IL Stay-at-Home Order](#) began on March 21

## Northwestern

March 19  
Northwestern  
moved to  
essential  
personnel only  
onsite

- NU COVID-19 website;  
Guidance from Federal agencies:
- OMB M-20-11 (3/9)
  - **OMB M-20-17 (3/19)**
  - OMB M-20-20 (4/9)
  - OMB M-20-21 (4/10)
  - **NIH NOT-OD-20-086 (3/12)**
  - **NSF Implementation to M-20-17**

  - Others

## ASRSP

April 3  
COVID-19 Cost Flexibilities  
for Sponsored Projects  
Policy, guidance, tools

- ✓ **Amendment to Charging Sponsored Projects: Policy for Sponsored Projects Impacted by COVID-19**
- ✓ **FAQs (6 pages)**
- ✓ Guidance and 3 Justification Forms:
  1. Payroll
  2. Stipend
  3. Other Direct Costs

## ASRSP

April, 2020  
Updated guidance,  
webinars, training

- ✓ **Analysis of Cost Flexibilities per Sponsor Guidance**
- ✓ **Guidance on "Idle Time"**
- ✓ **Webinars**

# Where are We Now?

May and June of 2020

- [OMB M-20-26](#) - Extension of two COVID-19 flexibilities
- Guidance on Charging of Personal Protective Equipment (PPE) to Sponsored Projects
  - Northwestern Phased Return to Campus Following an Expiration of Stay-at-Home Orders
- Ongoing payroll/stipend idle time and non-personnel costs documentation for awards impacted by COVID-19
- Consideration for NIH FAQs Update

# What's Next?

- Uncertainty
  - Clarification on COVID-19 cost flexibilities in OMB M-20-26
  - NIH FAQs: Idle time documentation in RPPR?
  - Audit implication
    - Equipment re-inventory/tagging?
    - FY2020 KPMG Single Audit on R&D?
    - Agency audits?
  - Update on Effort Attestation statement starting Q3 of 2020
- July: Q3 of 2020 Effort Report Release
  - Consideration for Effort certification

# COVID-19 Cost Flexibilities per OMB M-20-26

- Extension: Allowability of salaries and other project activities through Sept 30, 2020
- Appendix A – Administrative Relief Exceptions for COVID-19 Crisis
  - All cost flexibilities expire Sept 30, 2020
  - Agencies may allow salaries/benefits and other costs necessary to resume activities supported by award
  - Awarding agencies **must** require recipients to maintain appropriate records and documentation to support the charges
  - Cannot be reimbursed again via other Federal programs (e.g., CARES Act, FEMA)
  - Uncertainty: “Recipients should retain documentation of their efforts to exhaust other funding sources and reduce overall operational costs”?

# COVID-19 Cost Flexibilities per OMB M-20-26

Except Item 6 and 13 in M-20-17, M-20-17 and M-20-20 are rescinded (expire June 16, 2020), M-20-11 expires July 26, 2020:

## M-20-17 Highlights

- Allowability of costs normally not chargeable to awards
- Cancellation of events, travel, and other activities
- Prior approval requirement waivers
- Extension of currently approved indirect cost rates
- Extension of closeout

## M-20-20 Highlights

- Donation of medical equipment
- Other resources such as labor, supplies, and contract services funded under Federal assistance programs to support COVID-19 emergency response activities

## Uncertainty

- **Agency prior approval strongly recommended for above Items after June 16, 2020**

# NIH FAQs and RPPR

## Then: April 17

If work is stopped or is disrupted because of COVID-19, how will NIH assess progress at the time of Research Performance Progress Report (RPPR) submission?

NIH understands the potential effects of COVID-19 on the progress of NIH supported research. Recipients **must contact the funding IC to alert them of any effects on the NIH funded research.** NIH is committed to working with its applicants and recipients during this public health emergency. In addition, NIH recognizes that there may be delays in submission of RPPRs and other reports. See NOT-OD-20-086 for details on late submission.

## Now as of June 14

How should recipients submit details on how COVID-19 has delayed or affected the progress of research activities on NIH-funded grant projects?

NIH understands the potential effects of COVID-19 on the progress of NIH supported research. **Recipients must report on any effects on the NIH funded research in their next RPPR submission. Recipients are not to submit standard letters, but rather report on these details within the RPPR.** The funding IC will consider the effects that are reported by the recipient when reviewing and approving the RPPR. NIH remains committed to working with its applicants and recipients during this public health emergency. In addition, NIH recognizes that there may be delays in submission of RPPRs and other reports. See **NOT-OD-20-086** for details on late submission.

# Charging of Personal Protective Equipment (PPE) to Sponsored Projects

- Designed to protect employees from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical, or other workplace hazards
- Standard PPE
  - Continues to be direct charged the award during or after COVID-19 If required for the award
- **Additional (beyond standard) PPE during COVID-19 period (expires on Sept 30, 2020 per M-20-26)**
  - Needed to create a safe environment for the return of research if no PPE for that experiment was considered necessary prior to COVID-19
  - Uniformly charged to the benefiting activities, regardless of sponsored or non-sponsored awards

# Charging of Personal Protective Equipment (PPE) to Sponsored Projects

- Donated PPE
  - Per NIH, if project-purchased PPE (or other lab supplies) were donated during the pandemic for clinical or first responder use, then the grant may re-purchase PPE and charge those costs to the grant. Agency prior approval required per M-20-26
- Allocation of costs when multiple projects are involved
  - If PPE charges are made to multiple sponsored projects or to a combination of sponsored projects and institutional fund sources, the costs must be allocated based on proportional benefit
  - Use Multiple Project Allocation Form to document justification on the benefiting awards
- Cost Transfers (journals)

# Reporting “Idle Time”

- Applicable to Federal grants, cooperative agreements (except DOE and OJP), AHA (first 60 days)
- Prior approval/notification needed: Federal contracts, DOE & OJP cooperative agreements, and most non-Federal sponsors (few have disallowed cost flexibilities)
- Not Allowed: See [ASRSP Cost Flexibilities per Sponsor Summary](#)
- See [Guidance for Use of “Idle Time”](#) for more details
- **Extension of cost flexibilities for Idle Time expires Sept 30, 2020 per M-20-26**

## Justification Needed

- No work can be performed by the employee on the project from an off-campus location
- Work has stopped because it requires access to a lab temporarily unavailable
- Work has stopped because it requires access to equipment/technology not accessible to the employee
- Donation of time/effort to support COVID-19 emergency response activities, instead of working on the sponsor-funded project; agency prior approval required

## Justification Not Needed

- Incidental sick or vacation leave per HR policy (must be recorded as sick or vacation leave)
- Working remotely (e.g., home or off-campus location)
- Work on data analysis, manuscript, progress/technical report, new or existing protocol
- Remote training on new techniques or analyses benefiting the project
- Training directly benefiting the project

# Documenting “Idle Time” for 3Q2020 Effort Reporting

- 3Q2020 Effort Reports

- Period

- Chicago: March 1 to May 31
- Evanston: March 1 to June 15

- Expected release: Week of July 20<sup>th</sup>

- Documentation for “Idle Time”

- Consistency between justification forms and Effort Reporting
- Suggested Template: “This report includes payroll affected by COVID-19 (list project #s). Detailed documentation is provided by the department for each impacted Award # (list SP Records)”

# Summer Effort

- Effort certification for the period beyond Northwestern appointments (e.g., 9-month academic appointment) should reflect only the activity for which the faculty member is responsible and earning salary in that period
- Must be prepared to certify that effort was expended on those projects during the summer period in at least the same proportion as the summer salary charged to those projects
- Effort expended during the academic year does not satisfy a commitment related to the receipt of summer salary
- Faculty with 12-month appointments do not have summer effort

# Equipment Re-inventory/Tagging Taking COVID-19 into Consideration

- [FY2019 KPMG Single Audit Finding](#)
  - Equipment disposal not reported and updated in the system (one item)
  - Equipment Tagging (two items)
- FY2020 [Chicago Re-Inventory/Tagging](#)
  - On campus: Aim to complete inventory by 8/31
  - Off campus: Complete inventory upon return, as feasible
  - If new equipment tags are needed, please contact [equipment@northwestern.edu](mailto:equipment@northwestern.edu)

# Additional Pay and Effort Reporting

- Recap of Additional Pay Key Points
  - Additional Pay is Not included and certified in Effort Reporting and Monitoring
  - Typically provided for non-recurring activity performed outside the scope of the individual's existing appointment(s).
    - “Non-recurring” is defined as a duration of less than six months; when activity outside the scope of the individual's existing appointment(s) has a duration of six months or more, a separate/additional appointment should be established and pay for that activity should be provided as regular pay, which then, in most instances, becomes part of the salary base
- [Additional Pay Justification Form](#)
  - Enhanced questions and guidance to facilitate decisions
  - Uniform Guidance cost principles apply
  - Available on the [Human Resources -> Forms](#) page:
    - Search: Justification for Additional Pay from Sponsored Projects
  - Base Salary Rate or market competitive rate should be considered when requesting additional pay; see [Additional Pay Calculator](#) for reference

Thank you!

# Tools in Cognos and Research Portal to Monitor Invoices and Payments from Sponsors

Semi-Annual Event  
June 2020

*Felice Patterson - Assistant Director, ASRSP*

# Tools

## Cognos

- GM097 - Sponsored Project Actuals Balance Report
- GM045 - Sponsored Project Budget Statement
- GM091 - Sponsor Payments Received

## Research Portal

# How to Use These Reports?

## GM097 – Review projects in your department on a Monthly or at least Quarterly basis

- Compare the following sections on the GM097 for discrepancies (e.g., >50,000)
  - Expenses vs. Invoiced amount
  - Invoiced vs. payments received
  - Award has expenses but no invoices

## When issues are observed, the following reports/tools may be of assistance for a more thorough review

- GM045: Sponsored Project Budget Statement
- GM091: Sponsor Payments Received
- Research Portal

## Contact GCFA's if you have a question

- GM097: Sponsored Project Actuals Balance Report in Cognos Analytics (overview)
- GM045: Sponsored Project Budget Statement
- GM091: Sponsor Payments Received
- Contact GCFA's if you receive a notification from sponsor

## Comparison:

- Cash Received vs. Total Invoiced
- Total Invoiced vs. Total Expenditures
- Contract End Date vs. Total Exp+Encumbrances (burn rate)

# Possible Scenarios

- **Cash Received appears to be up to date**
  - Continue to review at least quarterly to assure more payments have arrived
- **Sponsor has not paid for more than 3 months?**
  - Deliverables/Milestone reports have not been submitted
  - Award is overspent and expenses should be removed to facilitate invoicing
  - Sponsor has no record of receiving invoices
- **Award has not been invoiced**
  - On Hold due to FCOI
  - Expenses have not posted
  - Award set up incorrectly
  - Award type is SCH (scheduled) and invoices are not required
  - Award is a Clinical trial so invoices are submitted by the department and forwarded to ASRSP

# PI Workflow Certification Process

# Process Overview

- Subcontract invoices will be routed to department personnel and PIs electronically.
- The process runs through NUFinancials just like other transactions such as REQs, PRQs, Expense Reports etc.
- In this new process, a Voucher transaction is routed for approval (or denial).
- The subrecipient's PDF invoice is attached to the transaction so it can be reviewed.
- Once the Voucher transaction receives an approval, it then routes to the next person for approval.
- The routing process is:  
**ASRSP > Department Personnel > PI > ASRSP > Accounts Payable**, which is the same as the current email process.

# Process Highlights

- No need for wet signatures!
- No need for Receipts. One less step!
- Approvals can be done from anywhere NUFinancials can be accessed
- Turnaround time is significantly faster
- Queries will allow ASRSP to track the status of approvals and provide follow-up reminders
- NetID approvals are captured electronically for audit purposes
- A few schools are already using this!
- Job Aid available at:  
<https://www.northwestern.edu/asrsp/expenses/subcontracts.html>

# Process Roles

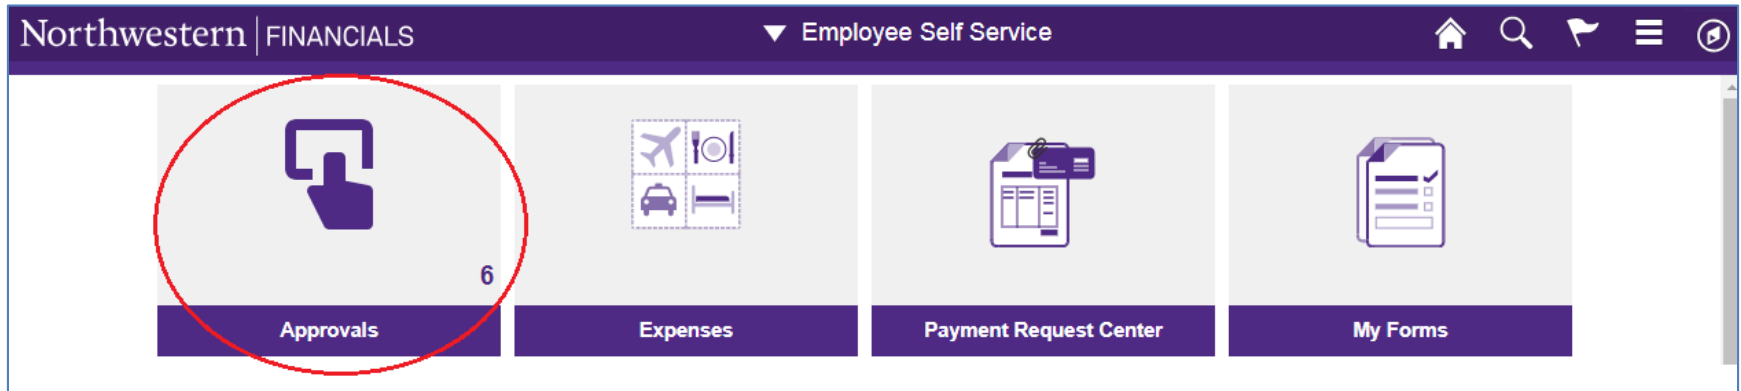

- Process utilizes roles defined on the Project Team page in NUFinancials
- Roles are defined per Project ID number
- A new role has been created called SUBKAD (subk administrator)
- Notifications are sent:
  - To both RADM and SUBKAD, but only 1 person needs to approve the voucher
  - To the PI

# Process Transactions

- **REQ/PO** is setup by department
- **Voucher** is created by ASRSP for each invoice
- **PDF** invoice is attached to Voucher
- **Receipt** no longer needs to be processed by the department. ASRSP will create the Receipt as part of the Voucher process.

# Subcontract Invoice PI Certification

- Approvals will be applied via NUFinancials Workflow
- A system-generated email notification will be sent to the next approver

# Subcontract Invoice PI Certification

- Invoices will be processed as a Voucher transaction

The screenshot displays a software interface for managing transactions. On the left is a sidebar with a 'View By' dropdown set to 'Type'. Below it are filter buttons: 'All' (6), 'Expense Report' (2), 'Payment Request' (2), 'Requisition' (1), and 'Voucher' (1), which is currently selected. The main area shows a table with one row of transaction data. Above the table are 'Approve', 'Deny', and 'Hold' buttons. Below the table is an 'Approver Comments' text area.
