Northwestern Music Academy
Learn more online

For more than 70 years, Northwestern University's Music Academy in Evanston has provided music instruction to children and adult students from surrounding communities and the greater Chicago and Northwest Indiana area.

Most Academy instructors also teach in the Henry and Leigh Bienen School of Music and hold masters and doctoral degrees in music teaching and performance. The Academy often serves as a teaching laboratory for college students enrolled in pedagogy courses and is a member of the National Guild of Community Schools of the Arts.

Piano and Organ

The Music Academy Piano Division offers pre-piano class, which serves as an introduction to more formal piano instruction: keyboard instruction in two tracks for students ages 6 to 18, and instruction for adults. Pre-piano serves as an introduction to more formal piano instruction. Keyboard instruction for children begins with pre-staff music and expands to landmark-based intervallic reading. After the first year of study, most children participate in the Illinois State Music Teacher's Association curriculum assessment, where they demonstrate skills and receive certificates and pins for participation.

Strings

The String Division offers private lessons in violin, viola, and cello, with goals of both providing musical instruction and instilling a love of music and of learning music. The division believes that all children can learn to their potential when placed in an environment that includes clear instruction, an involved parent, and regular opportunities to listen to and perform.
