

Course 1

# **Project Management and Planning in Facilities Connect**

## In today's course, we will explore the following:

- Facilities Connect Overview
- Project Management / Planning Process
- Training Look Ahead

## Section 1 | **Facilities Connect Overview**

# I've heard that NU Facilities is implementing Facilities Connect, but what is it exactly?

In the marketplace, **Facilities Connect** is a type of enterprise system known as an **Integrated Workplace Management System (IWMS)**

- Industry leading building and facilities management tool designed and developed by IBM (incl. 33 higher education organizations)
- Cloud-based, software-as-a-service (SaaS)
- Comprised of several modules governing separate and interrelated business processes
- Able to utilize emerging Internet of Things (IoT) technologies to gather data from connected assets
- Configurable, role-based system delivering user group specific workspaces and experiences

SPACE

PROJECT  
MANAGEMENT

OPERATIONS &  
MAINTENANCE

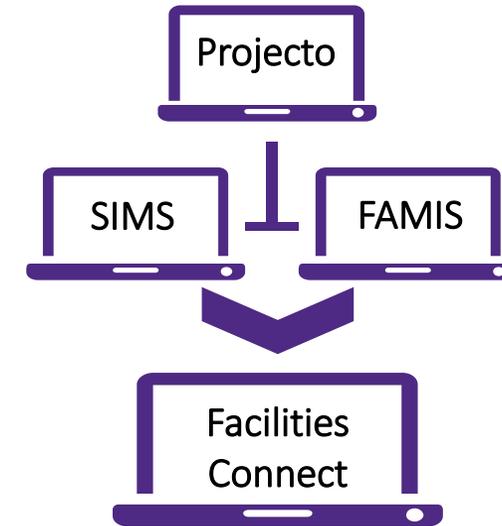

REAL ESTATE  
MANAGEMENT

## Why has NU Facilities chosen Facilities Connect? Why now?

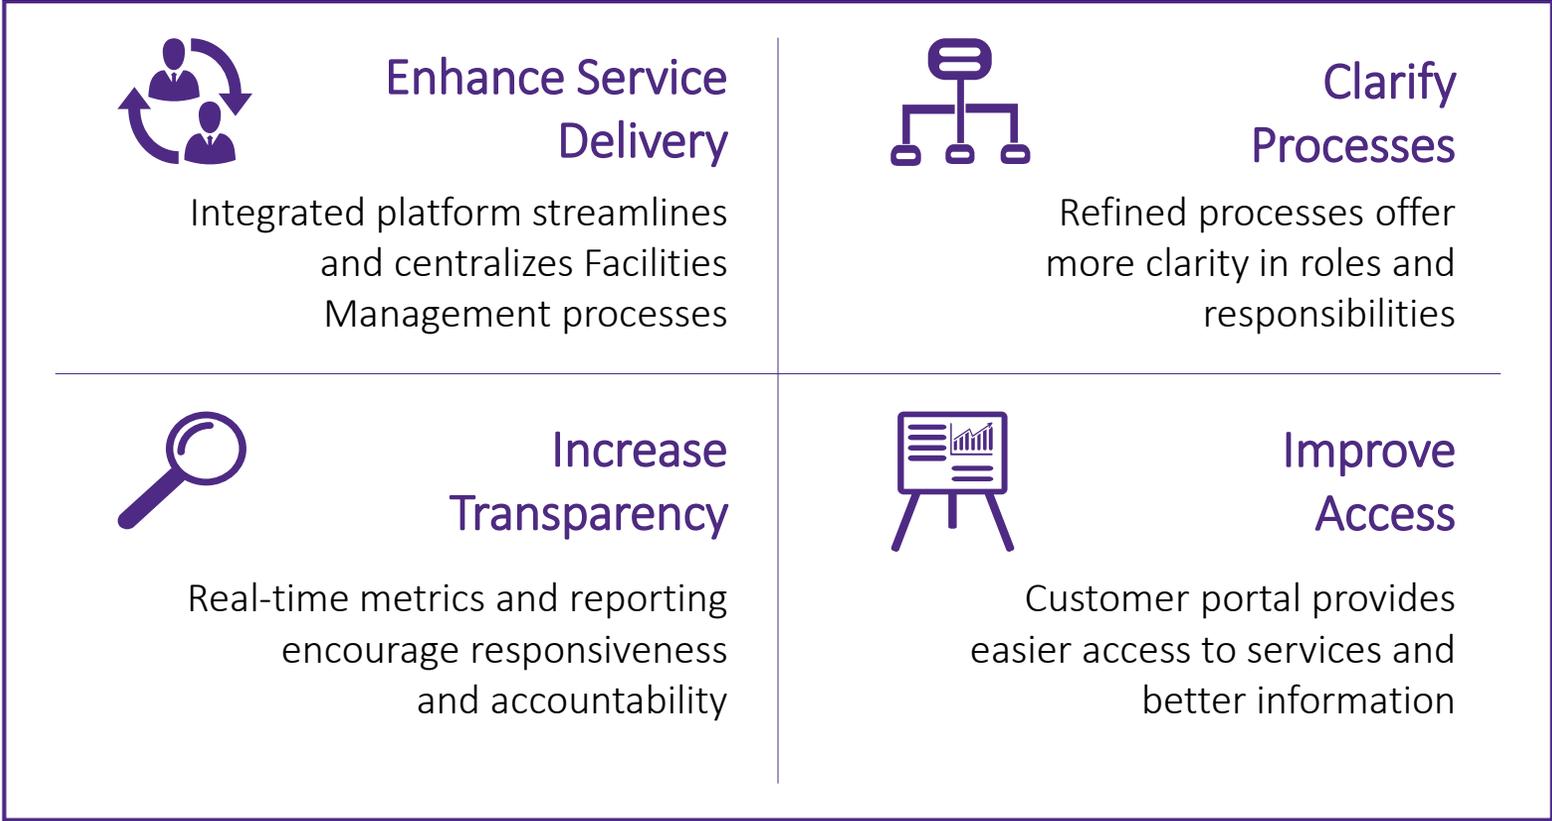

In short, for a variety of reasons...

1. Replace three legacy tools with one platform, seamlessly integrated with other University enterprise systems for real-time information sharing
2. Legacy tools are reaching end of life; do not support new, mainstream features; and cannot be integrated with one another
3. Provides alignment and support for NU Facilities strategic objective of Operational Excellence
4. Large-scale, enterprise system implementations require considerable lead time to accomplish the planning, design, development, testing, and training necessary to launch a new system

# What are the immediate benefits that Facilities Connect will provide for NU Facilities?

# What will Facilities Connect provide for Capital Programs?

## OVERALL

- Improved Transparency and Collaboration
- Project Visibility and Reporting (organization-wide)
- Process Standardization and Data Consistency
- Integrated, real-time facilities data
- Cumulative facility histories including space, project, and maintenance data

## PROJECT INFORMATION

- Structured Project Scope creation leveraging embedded Space Information data
- Assignable internal / external project contacts
- Access and reporting across NU Facilities portfolio of projects
- Organized data repository for key project documents such as RFIs, Permits, Potential Change Orders, etc.

## WORKFLOW

- Consistent project phases and phase task organization
- Pre-configured, editable project schedule templates
- Ability to create, attach, and store weekly project reports meeting minutes, and correspondence within each project

## FINANCIAL MANAGEMENT

- Integrated Budgets, Purchase Orders, and Invoices (NU Financials) for capitalized projects
- Straightforward, centralized original budget creation and management for non-capitalized projects

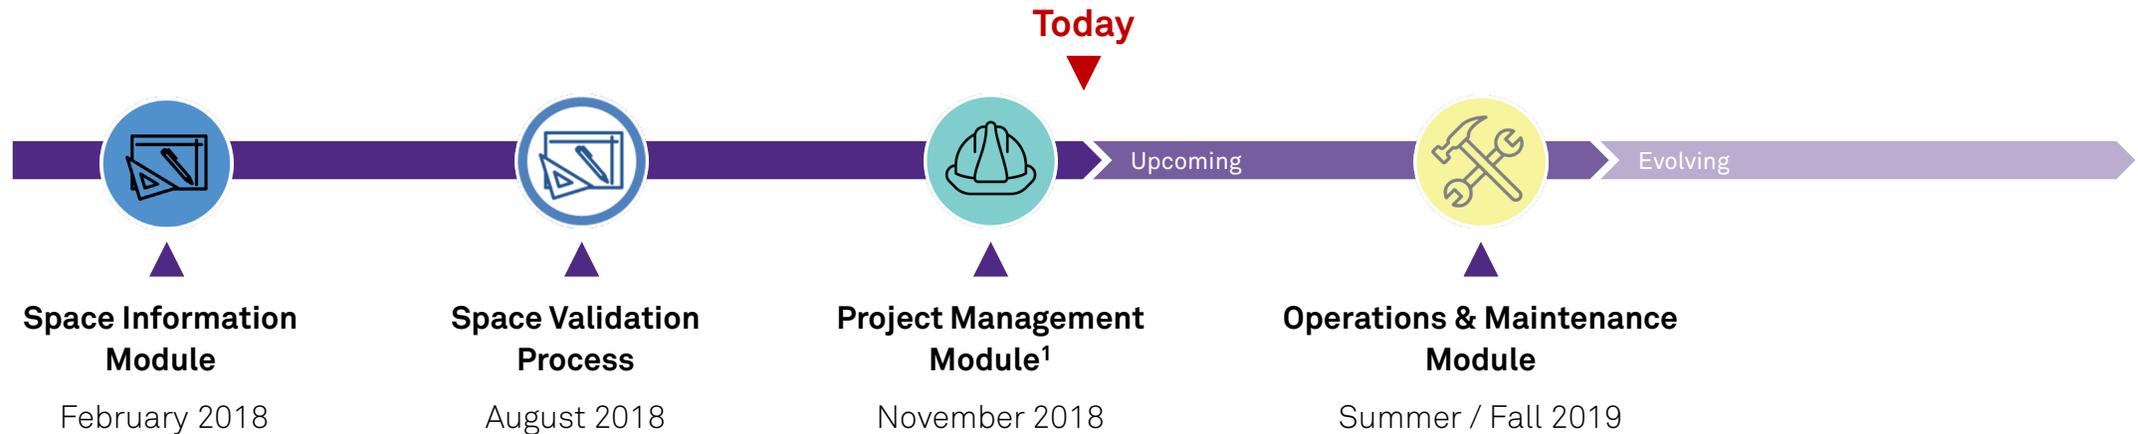

## HISTORICAL PROJECT DATA / METRICS

- Calculated metrics (e.g. cost/sq. ft.)
- Vendors used and associated services, products, and materials
- Building history - visibility of historic and concurrent projects

# Today, we kickoff training for the Facilities Connect Project Management module

Where are we on the Facilities Connect journey?

**Notes:**

<sup>1</sup>PM customer access to rollout with Operations & Maintenance (Summer / Fall 2019)

# Conclusion

## Wrap Up

A few important reminders...

1. **Courses #2-4 require your laptop**; if you need a loaner, and have not already made arrangements, please email Scott Reiter ([scott.reiter@northwestern.edu](mailto:scott.reiter@northwestern.edu))
2. **Test your Wi-Fi connectivity.** If you encounter any issues, please stop by FMIT for assistance.
3. **Test your internet browser (Chrome and Firefox are preferred).** Make sure you are able to access the Facilities Connect training page (link below) and login with your NetID.

<https://northwestern-qa.tririga.com>

Please see FMIT if you have any access / login issues.

4. **Be sure your laptop is fully charged prior to arrival for courses #2-4!**

# Conclusion

## Feedback and Questions

### FEEDBACK / Q&A

**We would like to hear your feedback on today's course and your questions regarding Facilities Connect**

Your input will help guide our ongoing Facilities Connect training and support efforts

Please send your feedback and questions to [FPMFeedback@northwestern.edu](mailto:FPMFeedback@northwestern.edu)
