

2021-2022 Year-End Committee Report

Committee:	Student Affairs
Charge:	To collaborate with Northwestern students and student governance associations on issues involving faculty-student interaction.
Chair:	Steven Adams
# of Meetings:	1 per quarter

Completed Business and/or Accomplishments

We discussed issues facing undergraduate and graduate students during the 2021–2022 school year and addressed student-related concerns forwarded to us by others. We met with Miriam Sherin, **Associate Provost for Undergraduate Education**, to develop a deeper understanding of the Northwestern student experience. This is a key relationship for the SA committee to maintain and nurture in the future.

Unfinished/Continuing Business

Our meeting with student leaders was cancelled due to unforeseen circumstances. Next year's the FS-SAC should prioritize meeting with undergraduate and graduate student leaders as soon as possible.

New Business for Next Year
