

Fellowship Winners 2015-16

Welcome to Northwestern University's Office of Fellowships!

A fellowship can be

- a **grant** for a creative or research project
- a **scholarship** for an academic qualification
- an **internship** for professional development

What makes a grant, scholarship, or internship a **fellowship** is the cohort of people chosen to develop their talents together with guidance from mentors, through group activities, and in support of a larger goal.

This booklet lists the hundreds of Northwestern students and alumni who secured external funding during the 2015–16 academic year to create, research, study, and intern through fellowships all over the country and around the globe.

We want you to join them and help us paint the world purple, one Wildcat at a time!

Elizabeth Lewis Pardoe, PhD
Director

*Year in parentheses after school name indicates date of receiving undergraduate (year only) or graduate (G plus year) degree.
Abbreviated year after winner's name indicates current undergraduate class year.*
