KEY DISRUPTIONS THIS MONTH

The following disruptions to campus life due to construction can be expected:

A. Trienens Performance Center: Building complex closed through 15 November 2019 for renovation, with street parking restrictions along Ashland Avenue and increased construction traffic.

B. Tech A/B Infill: Interior lab improvements will continue through May 2020. North Tech Drive is open with sporadic restrictions.

C. Evanston Water Reservoir: City of Evanston project to demolish and reconstruct the existing reservoir through Summer 2021. Lincoln Street / Campus Drive are open with intermittent disruptions; flaggers will be present. Pedestrian detours in place. No construction on home football Saturdays.

D. Annenberg Hall: First floor renovations will continue through October.

E. Patten Gym/Gleacher Golf: Renovation continues through October. Deliveries to fenced area on north side of building.

F. Central Utility Plant: Investigation and repair of underground steam leak between circle drive and Norris Center. Lane restrictions and possible pedestrian detours, 23 September through 8 November.

H. Fisk/Locy Utility Tunnel: Phased utility work to begin in October and continue through February 2020. East-west pedestrian access will be detoured. Increased construction traffic with flaggers.

I. Alice Millar Chapel: Underground utility work in alley beginning 23 September and continuing through December. Alley will be closed to vehicles and pedestrians, with detour signage. Parking restrictions along east side of alley.
