To Add a New External Contact (cont.):

9) Add contact information using the Content Boxes associated with available data fields.

10) Use available Navigation Tabs to access and view all contact details contained in the External Contact Record.
To Add a New External Contact (cont.):

11) In the Primary Organization section, use the Find Button to associate the new external contact with his/her organization. 

Note: In order for an organization to appear in this list, the organization must have had at least one (1) historical purchase order (PO) with NU. If the external contact’s organization is completely new and a PO has not yet been issued, the organization will not yet appear, and will need to be added to the external contact record at a later date.

12) Select the desired Organization by clicking the corresponding Radio Button. Then click OK to confirm the selection.

13) Click Create Draft to save the new External Contact Record.
