DIRECTIONS:

1. **From the bottom of the Work Tasks:**
   1. Tap the **Parts** tab.

2. **Upon tapping, the screen will change to the Parts tab. From here you can:**
   2. View **Parts from Inventory to be Installed.**

**IMPORTANT**

When you pick up parts from the Warehouse, the Warehouse Associate (WA) will add the parts you requested to the **Work Task.** Once the WA adds the parts you will be able to view the associated parts in the **Parts from Inventory to be Installed** section.

**INFORMATION**

The **Add** and **Scanner** buttons highlighted on the right are not to be used. As mentioned above, parts will be added by the Warehouse team and viewable in this section.

WORK TASKS: VIEW WORK TASK ISSUED PARTS

DIRECTIONS:

3 Once the Parts, Equipment, or Materials have been added by the Warehouse, you can:

3a View item details.

3b View Quantity.

IMPORTANT

When items have been added by the Warehouse to the Parts from Inventory to be Installed section, it is meant to be for informational purposes only or ‘Read Only’. DO NOT remove any parts or make edits to the added parts.

3 The highlighted Equipment/Tools Required from Inventory and Miscellaneous Materials sections of the Parts tab, will not currently be used.
