Please refer to the *Exclusions – What Is Not Covered* section of this booklet for additional information.

The Claim Administrator will make the initial decision whether hospitalization or other health care services or supplies were not Medically Necessary. In most instances this initial decision is made by the Claim Administrator **AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED.** In making decisions of whether the hospitalization or other health care service(s) or supply(ies) are not Medically Necessary, and therefore not eligible for payment under the terms of this Plan, the Claim Administrator will take into account the information submitted to the Claim Administrator by your Provider(s), including any consultations with such Providers(s).

Hospitalization or other health care is not Medically Necessary when, applying the definition of Medical Necessary to the circumstances surrounding the hospitalization or other health care, it is determined that the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital, or some other setting without adversely affecting the patient's condition.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with the Claim Administrator's initial decision, your benefit program provides for an appeal of that decision. You must exercise your right to this appeal as a precondition to the taking of any further action against the Claim Administrator, either at law or in equity. To initiate your appeal, you must give the Claim Administrator written notice of your intention to do so as described in the *Claim Filing and Appeals Procedures* section of this booklet.

Below are some examples, not an exhaustive list, of hospitalization or other health care services and supplies that are not Medically Necessary:

1. Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.
2. Hospital admissions primarily for diagnostic studies (x-ray, laboratory and pathological services and machine diagnostic tests) which could have been provided safely and adequately in some other setting, e.g., Hospital Outpatient department or Physician's office.
3. Continued Inpatient Hospital care, when the patient's medical symptoms and condition no longer require their continued stay in a Hospital.
4. Hospitalization or admission to a Skilled Nursing Facility or Residential Treatment Center, nursing home or other facility for the primary purposes of providing Custodial Care Service, convalescent care, rest cures or domiciliary care to the patient.
5. The use of skilled or private duty nurses to assist in daily living activities, routine supportive care or to provide services for the convenience of the patient and/or his family members.

- Have received an Identification Card.

If you meet this description and comply with the other terms and conditions of this benefit booklet, including but not limited to payment of premiums, you are entitled to the benefits of this program.

MEDICARE ELIGIBLE COVERED PERSONS

If you meet the definition of an Eligible Person stated in the ELIGIBILITY Section above and you are eligible for Medicare and not affected by the “Medicare Secondary Payer” (MSP) laws as described below, the benefits described in the section of this benefit booklet entitled “Benefits for Medicare Eligible Covered Persons” will apply to you and to your spouse and covered dependent children (if he or she is also eligible for Medicare and not affected by the MSP laws). This section does not apply to a party of a Civil Union with the Eligible Person and their children. This section does not apply to a party of a Civil Union with the Eligible Person and their children. This section does not apply to a Domestic Partner of the Eligible Person and their children.

A series of federal laws collectively referred to as the “Medicare Secondary Payer” (MSP) laws regulate the manner in which certain employers may offer group health care coverage to Medicare eligible employees, spouses, and in some cases, dependent children.

The statutory requirements and rules for MSP coverage vary depending on the basis for Medicare and employer group health plan (“GHP”) coverage, as well as certain other factors, including the size of the employers sponsoring the GHP. In general, Medicare pays secondary to the following:

1. GHPs that cover individuals with end-stage renal disease (“ESRD”) during the first 30 months of Medicare eligibility or entitlement. This is the case regardless of the number of employees employed by the employer or whether the individual has “current employment status.”
2. In the case of individuals age 65 or over, GHPs of employers that employ 20 or more employees if that individual or the individual’s spouse (of any age) has “current employment status.” If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs

20 or more employees, the MSP rules apply even with respect to employers of fewer than 20 employees (unless the plan elects the small employer exception under the statute).

3. In the case of disabled individuals under age 65, GHPs of employers that employ 100 or more employees, if the individual or a member of the individual's family has "current employee status." If the GHP is a multi-employer or multiple employer plan, which has at least one participating employer that employs 100 or more employees, the MSP rules apply even with respect to employers of fewer than 100 employees.

PLEASE NOTE: SEE YOUR EMPLOYER OR GROUP ADMINISTRATOR SHOULD YOU HAVE ANY QUESTIONS REGARDING THE ESRD PRIMARY PERIOD OR OTHER PROVISIONS OF MSP LAWS AND THEIR APPLICATION TO YOU, YOUR SPOUSE OR ANY DEPENDENTS.

YOUR MSP RESPONSIBILITIES

In order to assist your employer in complying with MSP laws, it is very important that you promptly and accurately complete any requests for information from the Claim Administrator and/or your employer regarding the Medicare eligibility of you, your spouse and covered dependent children. In addition, if you, your spouse or covered dependent child becomes eligible for Medicare, or has Medicare eligibility terminated or changed, please contact your employer or your group administrator promptly to ensure that your Claims are processed in accordance with applicable MSP laws.

MSP AND DOMESTIC PARTNERS

The federal Medicare Secondary Payor (MSP) rules do not apply to Domestic Partners in the same way they apply to spouses covered as dependents under a group health plan. Please note the following important differences.

Background

U. S. Public Law P.L. 104-199, the Defense of Marriage Act (1996), defines spouse in the context of all Federal statutes, rulings and regulations as "a person of opposite sex who is a husband or wife." This definition applies to the federal Medicare program, including MSP rules.

Same-Sex Domestic Partners

Working Aged

Medicare does not recognize same-sex Domestic Partnerships as 'spousal' relationships if the Domestic Partner is Medicare-entitled due to age. As such, even if a client allows Domestic Partners to enroll in its group health plan, MSP working aged rules would not apply to same-sex Domestic Partners.

Disability

If a same-sex Domestic Partner is Medicare-entitled due to disability, MSP disability rules apply.

ESRD

If a same-sex Domestic Partner is Medicare-entitled due to ESRD, MSP rules apply as explained below.

Exception-ESRD

During the initial 30-month coordination period, Medicare is always secondary to group health plan coverage for individuals eligible for or entitled to Medicare because of end-stage renal disease (ESRD) regardless of the number of employees and the enrollee's employment status.

YOUR ID CARD

You will receive an Identification Card. This card will tell you your identification number and will be very important to you in obtaining your benefits.

All of the provisions of this benefit booklet that pertain to a spouse also apply to a party of a Civil Union unless specifically noted otherwise. All of the provisions of this benefit booklet that pertain to a spouse also apply to a Domestic Partner, unless specifically noted otherwise.

Coverage will be effective no later than the first of the month after the special enrollment request is received.

Late Applicants

If you do not apply for Family Coverage or to add dependents within the required number of days of the event, you will have to wait until your Employer's annual open enrollment period to make those changes. Such changes will be effective on a date that has been mutually agreed to by your Employer and the Claim Administrator.

Unless specifically mentioned elsewhere in this benefit booklet, if one of your dependents becomes ineligible, his or her coverage will end as of the date the event occurs which makes him or her ineligible.

Other options available for Continuation of Coverage are explained in the COBRA Section of this benefit booklet.

UTILIZATION MANAGEMENT AND REVIEW

The Claim Administrator has established the Utilization Management and Review Program to assist you in determining the course of treatment that will maximize your benefits under this Health Care Plan. Utilization management may be referred to as Medical Necessity reviews, utilization review (UR) or medical management reviews. Requirements for Medical Necessity may vary based upon a member's plan benefits. Medical Necessity reviews may occur when a Provider requests an authorization prior to services rendered, during the course of care, or after care has been completed for a Post-Service Medical Necessity Review. However, some services may require a Prior Authorization before the start of services.

Please refer to the definition of Medically Necessary under the *Definitions* section of this booklet for additional information regarding any limitations and/or special conditions pertaining to your benefits.

Types of Utilization Management:

Failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator, as described in this section, may result in a reduction in benefits. PREDETERMINATION REVIEW

Predetermination is an optional Medical Necessity review by the Claim Administrator of a medical procedure, treatment or test, that has been recommended by your Physician in order to determine if it meets approved Claim Administrator medical policy guidelines. A Predetermination review is not the same as Prior Authorization. Prior Authorization is a required process for the Provider to get approval from the plan before you are admitted to the hospital or for certain types of Covered Services. A Predetermination review can help you avoid unexpected out-of-pocket costs by determining ahead of time if a recommended service will be covered by your health care plan. If a service requires Prior Authorization, a Predetermination review is not available.

Predetermination review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions under this Plan. Please coordinate with your Provider to submit a written request for Predetermination.

Below are some examples (not an exhaustive list) of some common services for which a Predetermination review is recommended:

- Certain higher cost durable medical equipment;
- Surgeries that might be considered cosmetic; and
- Services and supplies that may be Experimental/Investigational under certain circumstances

General Provisions Applicable to All Predeterminations

1. No Guarantee of Payment

A Predetermination is not a guarantee of benefits or payment of benefits by the plan. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Plan. Even if the service has been approved on Predetermination, coverage or payment can be affected for a variety of reasons. For example, the member may have become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Predetermination process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Predetermination, the health care Provider or pharmacist may be required to include pertinent documentation explaining the proposed services, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Plan.

Post-Service Medical Necessity Review

A Post-Service Medical Necessity Review, sometimes referred to as a retrospective review or Post-Service Claims request, is the process of determining coverage after treatment has been provided and is based on Medical Necessity guidelines. A Post-Service Medical Necessity Review confirms member eligibility, a availability of benefits at the time of service, and reviews necessary clinical documentation to ensure the service was Medically Necessary. Providers should submit appropriate documentation at the time of a Post-Service Medical Necessity Review request. A Post-Service Medical Necessity Review may be available when a Prior Authorization or Predetermination was not obtained prior to services being rendered.

General Provisions Applicable to All Post-Service Medical Necessity Reviews

1. No Guarantee of Payment

A Post-Service Medical Necessity Review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of this Certificate. Post-Service Medical Necessity Review does not guarantee payment of benefits by the plan, for instance a member may become ineligible as of the date of service or the member's benefits may have changed as of the date of service.

2. Request for Additional Information

The Post-Service Medical Necessity Review process may require additional documentation from the member's health care Provider or pharmacist. In addition to the written request for Post-Service Medical Necessity Review, the health care Provider or pharmacist may be required to include pertinent documentation explaining the services rendered, the functional aspects of the treatment, the projected outcome, treatment plan and any other supporting documentation, study models, prescription, itemized repair and replacement cost statements, photographs, x-rays, etc., as may be requested by the plan to make a determination of coverage pursuant to the terms and conditions of this Plan.

CASE MANAGEMENT

Case management is a collaborative process that assists you with the coordination of complex care services. A Claim Administrator case manager is available to you as an advocate for cost-effective interventions.

Case managers are also available to you to provide assistance when you need alternative benefits. Alternative benefits will be provided only so long as the Claim Administrator determines that the alternative services are Medically Necessary and cost-effective. The total maximum payment for alternative services shall not exceed the total benefits for which you would otherwise be entitled under the Health Care Plan.

Provision of alternative benefits in one instance shall not result in an obligation to provide the same or similar benefits in any other instance. In addition, the provision of alternative benefits shall not be construed as a waiver of any of the terms, conditions, limitations, and exclusions of the Health Care Plan.

LENGTH OF STAY/SERVICE REVIEW

Length of stay/service review is not a guarantee of benefits. Actual availability of benefits is subject to eligibility and the other terms, conditions, limitations, and exclusions of the Health Care Plan.

Upon completion of the preadmission or emergency review, the Claim Administrator will send a letter to your Physician and/or the Hospital confirming that you or your representative called the Claim Administrator and that an approved length of service or length of stay was assigned.

An extension of the length of stay/service will be based solely on whether continued Inpatient care or other health care service is Medically Necessary. In the event that the extension is determined not to be Medically Necessary, the authorization will not be extended. Additional notification will be provided to your Physician and/or the Hospital regarding the denial of payment for the extension.

A length of stay/service review, also known as a concurrent Medical Necessity review, is when you, your Provider, or other authorized representative may submit a request to the Plan for continued services. If you, your Provider or authorized representative requests to extend care beyond the approved time limit and it is a request involving urgent care or an Ongoing Course of Treatment, the Plan will make a determination on the request/appeal as soon as possible but no later than 72 hours after it receives the initial request, or within 48 hours after it receives the missing information (if the initial request is incomplete).

MEDICALLY NECESSARY DETERMINATION

The decision that Inpatient care or other health care services or supplies are not Medically Necessary will be determined by the Claim Administrator. The Claim Administrator will provide notification of a decision to not authorize payment for Inpatient care or other health care services or supplies to you, your Physician, and/or the Hospital or other Provider. The notification will specify the dates, services and/or supplies that are not considered Covered Services. For further details regarding Medically Necessary care and other exclusions from coverage, see the EXCLUSIONS - WHAT IS NOT COVERED section in this benefit booklet.

The Claim Administrator does not determine your course of treatment or whether you receive particular health care services. Decisions regarding the course of treatment and receipt of particular health care services are a matter entirely between you and your Physician. The Claim Administrator's determination of Medically Necessary care is limited to merely whether a proposed admission, continued hospitalization or other health care service is a Covered Service under the Health Care Plan.

In the event that the Claim Administrator determines that all or any portion of an Inpatient hospitalization or other health care service is not Medically Necessary, the Claim Administrator will not be responsible for any related Hospital or other health care service charge incurred.

Remember that the Claim Administrator's Health Care Plan does not cover the cost of hospitalization or any health care services and supplies that are not determined to be Medically Necessary. The fact that your Physician or another health care Provider may prescribe, order, recommend or approve a Hospital stay or other health care service or supply does not of itself make such hospitalization, service or supply Medically Necessary. Even if your Physician prescribes, orders, recommends, approves, or views hospitalization or other health care services or supplies as Medically Necessary, the Claim Administrator will not pay for the hospitalization,

services or supplies unless the Claim Administrator determines it to be Medically Necessary and a Covered Service under the Health Care Plan.

NOTE: Keep in mind that a Medically Necessary determination does not guarantee that benefits are available. For example, it might be determined that a service is Medically Necessary, however, the Health Care Plan may limit or exclude that service. In that case, the Medically Necessary determination does not override the benefit provision in the benefit booklet.

UTILIZATION REVIEW PROCEDURE

The following information is required when you contact the Claim Administrator:

1. The name of the attending and/or admitting Physician;
2. The name of the Hospital where the admission has been scheduled and/or the location where the service has been scheduled;
3. The scheduled admission and/or service date; and
4. A preliminary diagnosis or reason for the admission and/or service.

Upon receipt of the required information, the Claim Administrator:

1. will review the information provided and seek additional information as necessary.
2. will issue a determination that the services are either Medically Necessary or are not Medically Necessary.
3. will provide notification of the determination.

APPEAL PROCEDURE

If you or your Physician disagree with the determination of the Claim Administrator prior to or while receiving services, you may appeal that decision. You should call the Claim Administrator's customer service number on your Identification Card. Your Physician should use the contact information in the notification letter.

In some instances, the resolution of the appeal process will not be completed until your admission or service has occurred and/or your assigned length of stay/service has elapsed. If you disagree with a decision after claim processing has taken place or upon receipt of the notification letter, you may appeal that decision by having your Physician call the contact person indicated in the notification letter or by submitting a written request to:

Medical Director
Blue Cross and Blue Shield of Illinois
P. O. Box A3957
Chicago, Illinois 60601

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

FAILURE TO NOTIFY

However, the Claim Administrator has established the Utilization Review Program for the specific purpose of assisting you in determining the course of treatment which will maximize your benefits provided under this benefit booklet.

MEDICARE ELIGIBLE MEMBERS

The preadmission review provisions of this Utilization Review Program do not apply to you if you are Medicare eligible and have secondary coverage provided under the Health Care Plan.

Failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator, as described in this section, may result in a reduction in benefits. These reductions in benefits are in addition to the applicable Copayments, Coinsurance, Deductibles and out-of-pocket expense limit amounts. Providers may bill you for any reduction in payment, as described in this section, resulting from failure to contact the Claim Administrator or to comply with the determinations of the Claim Administrator. The clinical procedure and coding policies provide information about what services are reimbursable under the benefit Plan. Substance Use Disorder Treatment Covered Services rendered in a program that does not have a written agreement with the Claim Administrator or in a Non-Administrator Provider facility will be paid at the Non-Administrator facility payment level.
 5. Autism Spectrum Disorder(s)—Your benefits for the diagnosis and treatment of Autism Spectrum Disorder(s) are the same as your benefits for any other condition. These Covered Services are: a) the routine Inpatient Hospital nursery charges, b) one routine Inpatient examination as long as this examination is rendered by a Physician other than the Physician who delivered the child or administered anesthesia during delivery and c) one Inpatient hearing screening. (If the newborn child needs treatment for an illness or injury, benefits will be available for that care only if you have Family Coverage. You may apply for Family Coverage within

31 days of the date of the birth. Your Family Coverage will then be effective from the date of the birth.)

Benefits will be provided for any hospital length of stay in connection with childbirth for the mother or newborn child for no less than 48 hours following a normal vaginal delivery, or no less than 96 hours following a cesarean section. Benefit Value Advisor

The Benefit Value Advisor (BVA) program has been established to assist you in maximizing your benefits under this benefit booklet. Benefit Value Advisors are trained customer service representatives who assist you by comparing cost and providing information for certain types of health care services. A BVA helps you navigate your benefits.

In addition to calling the BVA, you may also have other call requirements. A call to the BVA does not satisfy any other call requirements you may have.

BENEFIT PAYMENT FOR MAJOR MEDICAL COVERED SERVICES

In determining benefits for your Covered Services, there are several different provisions that apply. They are as follows:

Benefit Period

Your Major Medical benefit period is a period of one year which begins on January 1st of each year. When you first enroll under this health care benefit program, your first benefit period begins on your Coverage Date and ends on the first December 31st following your Coverage Date.

Deductible

Each benefit period you must satisfy a \$250 deductible. In other words, after you have expenses for more than \$250 of Covered Services in a benefit period, your benefits will begin. However, the deductible does not include any amount in excess of the Eligible Charge or Usual and Customary Fee.

If you have any expenses during the last three months of a benefit period which were or could have been applied to that benefit period's deductible, these expenses will also count as credit toward the deductible of the next benefit period.

Family Deductible

If you have Family Coverage and your family has reached the Comprehensive Major Medical deductible amount of \$750 it will not be necessary for anyone else in your family to meet a Comprehensive Major Medical deductible in that benefit period. That is, for the remainder of that benefit period, no other family members are required to meet a Comprehensive Major Medical deductible before receiving benefits. A family member may not apply more than the individual deductible amount toward the family deductible.

In any case, should two or more members of your family ever receive Covered Services as a result of injuries received in the same accident, only one deductible will be applied against those Covered Services.

General Payment Level

After you satisfy your deductible, 90% of the Eligible Charge or Usual and Customary Fee will be paid for your Major Medical Covered Services unless otherwise specified in this benefit booklet. In the case of private room charges, this percentage is of the Hospital's rate for its most common type of room with two or more beds.

When you receive Covered Services in your Physician's office (other than a specialist's office), benefits for office visits are subject to a Copayment of \$25 per visit. Benefits for office visits will then be provided at 100% of the Usual and Customary Fee. Your deductible will not apply.

When you receive Covered Services in a Physician specialist's office, benefits for office visits are subject to a Copayment of \$35 per visit. A specialist is a professional Provider who is **not** a Behavioral Health Practitioner or a Physician in general practice, family practice, internal medicine, psychiatry, obstetrics, gynecology or pediatrics. Benefits for office visits will then be provided at 100% of the Usual and Customary Fee. Your deductible will not apply.

For Covered Services received from a Non-Administrator Hospital, Non-Administrator Skilled Nursing Facility, Non-Administrator Coordinated Home Care Program, or Non-Administrator Dialysis Facility, benefit payment will be 50% of the Eligible Charge.

However, benefits for an Inpatient Hospital admission to a Non-Administrator Hospital resulting from Emergency Accident Care or Emergency Medical Care will be provided at the same payment level which you would have received had you been in an Administrator Hospital for that portion of your Inpatient Hospital stay during which your condition is reasonably determined by the Claim Administrator to be serious and therefore not permitting your safe transfer to an Administrator Hospital or other Administrator Provider.

Benefits for an Inpatient Hospital admission to a Non-Administrator Hospital resulting from Emergency Accident Care or Emergency Medical Care will be provided at the Non-Administrator Hospital payment level for that portion of your Inpatient Hospital stay during which your condition is reasonably determined by the Claim Administrator as not being serious and therefore permitting your safe transfer to an Administrator Hospital or other Administrator Provider.

In order for you to continue to receive benefits at the Administrator Hospital payment level following an emergency admission to a Non-Administrator Hospital, you must transfer to an Administrator Hospital or other Administrator Provider as soon as your condition is no longer serious.

OUT-OF-POCKET EXPENSE LIMIT

If, during one benefit period, your out-of-pocket expenses (the amount remaining unpaid after Major Medical has made payment) equal \$2,200, any additional eligible Claims (except for those Covered Services specifically excluded below) during that benefit period will be paid in full up to the Eligible Charge or Usual and Customary Fee.

This \$1,200 may be reached by:

- the Comprehensive Major Medical deductible
- the payments for which you are responsible after Comprehensive Major Medical benefits have been provided

The following expenses for Covered Services cannot be applied to the out-of-pocket expense limit and will not be paid at 100% of the Eligible Charge or Usual and Customary Fee when your out-of-pocket expense limit is reached:

- charges that exceed the Eligible Charge or Usual and Customary Fee
- the Copayment for Physician office visits

- Copayments resulting from non-compliance with the provisions of the UTILIZATION REVIEW PROGRAM and/or the Claim Administrator's Behavioral Health Unit
- the Coinsurance resulting from Covered Services rendered by a Non-Administrator Hospital or other Non-Administrator Provider for Covered Services other than Emergency Accident Care, Emergency Medical Care and Inpatient treatment during the period of time when your condition is life threatening

If you have Family Coverage and your expenses as described above equal \$3,200 during one benefit period, then, for the rest of the benefit period, all other family members will have benefits for eligible Covered Services (except for those Covered Services specifically excluded above) provided at 100% of the Eligible Charge or Usual and Customary Fee. A member may not apply more than the individual out-of-pocket expense limit toward this amount.

Benefit Payment for Emergency Care

If you receive Emergency Accident Care or Emergency Medical Care from an Administrator or Non-Administrator Provider, benefits will be provided at 90% of the Eligible Charge or Usual and Customary Fee, whether or not you have met your deductible. Benefits for surgical procedures, such as stitching, gluing and casting are not provided at the Emergency Accident Care payment level. Such services will be provided at the benefit payment level for Surgery described in this benefit booklet.

Each time you receive Covered Services in an emergency room, you will be responsible for a Copayment of \$100. If you are admitted to the Hospital as an Inpatient immediately following emergency treatment, the emergency room Copayment will be waived.

However, Emergency Accident Care and Emergency Medical Care benefits for Covered Services resulting from criminal sexual assault or abuse will be paid at 100% of the Eligible Charge or Usual and Customary Fee whether or not you have met your deductible and will not be subject to the emergency room Copayment.

Benefits will be provided until you are discharged or until the end of your benefit period, whichever occurs first.

HOSPICE CARE PROGRAM

Your Hospital coverage also includes benefits for Hospice Care Program Service. Benefits will be provided for the Hospice Care Program Service described below when these services are rendered to you by a Hospice Care Program Provider. However, for benefits to be available you must have a terminal illness with a life expectancy of one year or less, as certified by your attending Physician, and you will no longer benefit from standard medical care or have chosen to receive hospice care rather than standard care. Also, a family member or friend should be available to provide custodial type care between visits from Hospice Care Program Providers if hospice is being provided in the home.

The following services are covered under the Hospice Care Program:

5. Transportation, including, but not limited to, Ambulance Transportation.

Notwithstanding the above, there may be clinical situations when short episodes of traditional care would be appropriate even when the patient remains in the hospice setting. While these traditional services are not eligible under this Hospice Care Program section, they may be Covered Services under other sections of this benefit booklet.

Benefit Payment for Hospice Care Program Services

Benefit payment for Covered Services rendered by a Hospice Care Program Provider will be provided at the same payment level as described for Inpatient Hospital Covered Services.

BENEFITS FOR MEDICARE ELIGIBLE COVERED PERSONS

This section describes the benefits which will be provided for Medicare Eligible Covered Persons who are not affected by MSP laws, unless otherwise specified in this benefit booklet (see provisions entitled “Medicare Eligible Covered Persons” in the ELIGIBILITY SECTION of this benefit booklet).

The benefits and provisions described throughout this benefit booklet apply to you, however, in determining the benefits to be paid for your Covered Services, consideration is given to the benefits available under Medicare.

The process used in determining benefits under the Health Care Plan is as follows:

1. determine what the payment for a Covered Service would be following the payment provisions of this coverage and
2. deduct from this resulting amount the amount paid or payable by Medicare. (If you are eligible for Medicare, the amount that is available from Medicare will be deducted whether or not you have enrolled and/or received payment from Medicare.) The difference, if any, is the amount that will be paid under the Health Care Plan.

When you have a Claim, you must send the Claim Administrator a copy of your Explanation of Medicare Benefits (“EOMB”) in order for your Claim to be processed. In the event you are eligible for Medicare but have not enrolled in Medicare, the amount that would have been available from Medicare, had you enrolled, will be used.

EXCLUSIONS - WHAT IS NOT COVERED

Expenses for the following are not covered under your benefit program:

— **Hospitalization, services and supplies which are not Medically Necessary.**

No benefits will be provided for services which are not, in the reasonable judgment of the Claim Administrator, Medically Necessary. Medically Necessary means that a specific medical, health care or Hospital service is required, in the reasonable medical judgment of the Claim Administrator, for the treatment or management of a medical symptom or condition and that the service or care provided is the most efficient and economical service which can safely be provided.

Hospitalization is not Medically Necessary when, in the reasonable medical judgment of the Claim Administrator, the medical services provided did not require an acute Hospital Inpatient (overnight) setting, but could have been provided in a Physician's office, the Outpatient department of a Hospital or some other setting without adversely affecting the patient's condition.

Examples of hospitalization and other health care services and supplies that are not Medically Necessary include:

- Hospital admissions for or consisting primarily of observation and/or evaluation that could have been provided safely and adequately in some other setting, e.g., a Physician's office or Hospital Outpatient department.
- Hospital admissions primarily for diagnostic studies (x-ray, laboratory and pathological services and machine diagnostic tests) which could have been provided safely and adequately in some other setting, e.g., Hospital Outpatient department or Physician's office.
- Continued Inpatient Hospital care, when the patient's medical symptoms and condition no longer require their continued stay in a Hospital.
- Hospitalization or admission to a Skilled Nursing Facility, nursing home or other facility for the primary purposes of providing Custodial Care Service, convalescent care, rest cures or domiciliary care to the patient.
- Hospitalization or admission to a Skilled Nursing Facility for the convenience of the patient or Physician or because care in the home is not available or is unsuitable.
- The use of skilled or private duty nurses to assist in daily living activities, routine supportive care or to provide services for the convenience of the patient and/or his family members.

These are just some examples, not an exhaustive list, of hospitalizations or other services and supplies that are not Medically Necessary.

The Claim Administrator will make the decision whether hospitalization or other health care services or supplies were not Medically Necessary and therefore not eligible for payment under the terms of your health care plan. In most instances this decision is made by the Claim Administrator AFTER YOU HAVE BEEN HOSPITALIZED OR HAVE RECEIVED OTHER HEALTH CARE SERVICES OR SUPPLIES AND AFTER A CLAIM FOR PAYMENT HAS BEEN SUBMITTED.

The fact that your Physician may prescribe, order, recommend, approve or view hospitalization or other health care services and supplies as Medically Necessary does not make the hospitalization, services or supplies Medically Necessary and does not mean that the Claim Administrator will pay the cost of the hospitalization, services or supplies.

If your Claim for benefits is denied on the basis that the services or supplies were not Medically Necessary, and you disagree with the Claim Administrator's decision, your plan provides for an appeal of that decision.

Additional information about appeals procedures is set forth in the CLAIM FILING AND APPEALS PROCEDURES section of this benefit booklet.

REMEMBER, EVEN IF YOUR PHYSICIAN PRESCRIBES, ORDERS, RECOMMENDS, APPROVES OR VIEWS HOSPITALIZATION OR OTHER HEALTH CARE SERVICES AND SUPPLIES AS MEDICALLY NECESSARY, THE CLAIM ADMINISTRATOR WILL NOT PAY FOR THE HOSPITALIZATION, SERVICES AND SUPPLIES IF IT DECIDES THEY WERE NOT MEDICALLY NECESSARY.

COORDINATION OF BENEFITS SECTION

Coordination of Benefits (COB) applies when you have health care coverage through more than one group program. The purpose of COB is to ensure that you receive all of the coverage to which you are entitled but no more than the actual cost of the care received. In other words, the total payment from all of your coverages together will not add up to be more than the total charges that you have incurred. It is your obligation to notify the Claim Administrator of the existence of such other group coverages.

To coordinate benefits, it is necessary to determine what the payment responsibility is for each benefit program. This is done by following these rules:

1. The coverage under which the patient is the Eligible Person (rather than a dependent) is primary (that is, full benefits are paid under that program). The other coverage is secondary and only pays any remaining eligible charges.
2. When a dependent child receives services, the birthdays of the child's parents are used to determine which coverage is primary. The coverage of the parent whose birthday (month and day) comes before the other parent's birthday in the calendar year will be considered the primary coverage. If both parents have the same birthday, then the coverage that has been in effect the longest is primary. If the other coverage does not have this "birthday" type of COB provision and, as a result, both coverages would be considered either primary or secondary, then the provisions of the other coverage will determine which coverage is primary.
 - However, when the parents are separated or divorced and the parent with custody of the child has not remarried, the benefits of a contract which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a contract which covers the child as a dependent of the parent without custody;
 - when the parents are divorced and the parent with custody of the child has remarried, the benefits of a contract which covers the child as a dependent of the parent with custody shall be determined before the benefits of a contract which covers that child as a dependent of the stepparent, and the benefits of a contract which covers that child as a dependent of the stepparent will be determined before the benefits of a contract which covers that child as a dependent of the parent without custody.

Notwithstanding the items above, if there is a court decree which would otherwise establish financial responsibility for the medical, dental, or other health care expenses with respect to the child, the benefits of a contract which covers the child as a dependent of the parent with such financial responsibility shall be determined before the benefits of any other contract which covers the child as a dependent child. It is the obligation of the person claiming benefits to notify the Claim Administrator, and upon its request to provide a copy, of such court decree.

3. If neither of the above rules apply, then the coverage that has been in effect the longest is primary.

The only time these rules will not apply is if the other group benefit program does not include a COB provision. In that case, the other group program is automatically primary.

The Claim Administrator has the right in administering these COB provisions to:

- pay any other organization an amount which it determines to be warranted if payments which should have been made by the Claim Administrator have been made by such other organization under any other group program.
- recover any overpayment which the Claim Administrator may have made to you, any Provider, insurance company, person or other organization.

CONTINUATION COVERAGE RIGHTS UNDER COBRA

This CONTINUATION COVERAGE RIGHTS UNDER COBRA section does not apply to Domestic Partners and their children. This CONTINUATION COVERAGE RIGHTS UNDER COBRA section does not apply to your dependent who is a party to a Civil Union and their children.

NOTE: Certain employers may not be affected by CONTINUATION OF COVERAGE RIGHTS UNDER COBRA. See your employer or Group Administrator should you have any questions about COBRA.

Introduction

You are receiving this notice because you have recently become covered under your employer's group health plan (the Plan). This notice contains important information about your right to COBRA continuation coverage, which is a temporary extension of coverage under the Plan. **This notice generally explains COBRA continuation coverage, when it may become available to you and your family, and what you need to do to protect the right to receive it.**

The right to COBRA continuation coverage was created by a federal law, the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA). COBRA continuation coverage can become available to you when you would otherwise lose your group health coverage. It can also become available to other members of your family who are covered under the Plan when they would otherwise lose their group health coverage.

For additional information about your rights and obligations under the Plan and under federal law, you should review the Plan's Summary Plan Description or contact the Plan Administrator.

What Is COBRA Continuation Coverage?

COBRA continuation coverage is a continuation of Plan coverage when coverage would otherwise end because of a life event known as a "qualifying event." Specific qualifying events are listed later in this notice. After a qualifying event, COBRA continuation coverage must be offered to each person who is a "qualified beneficiary." You, your spouse, and your dependent children could become qualified beneficiaries if coverage under the Plan is lost because of the qualifying event. Under the Plan, qualified beneficiaries who elect COBRA continuation coverage must pay for COBRA continuation coverage.

If you are an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

- Your hours of employment are reduced; or
- Your employment ends for any reason other than your gross misconduct.

If you are the spouse of an employee, you will become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events happens:

- Your spouse dies;
- Your spouse's hours of employment are reduced;
- Your spouse's employment ends for any reason other than his or her gross misconduct;
- Your spouse becomes enrolled in Medicare benefits (under Part A, Part B, or both); or
- You become divorced or legally separated from your spouse.

Your dependent children will become qualified beneficiaries if they lose coverage under the Plan because any of the following qualifying events happen:

- The parent-employee dies;
- The parent-employee's hours of employment are reduced;
- The parent-employee's employment ends for any reason other than his or her gross misconduct;
- The parent-employee becomes enrolled in Medicare benefits (under Part A, Part B, or both);
- The parents become divorced or legally separated; or
- The child stops being eligible for coverage under the Plan as a "dependent child."

If the Plan provides health care coverage to retired employees, the following applies: Sometimes, filing a proceeding in bankruptcy under title 11 of the United States Code can be a qualifying event. If a proceeding in bankruptcy is filed with respect to your employer, and that bankruptcy results in the loss of coverage of any retired employee covered under the Plan, the retired employee will become a qualified beneficiary with respect to the bankruptcy. The retired employee's spouse, surviving spouse, and dependent children will also become qualified beneficiaries if bankruptcy results in the loss of their coverage under the Plan.

When Is COBRA Coverage Available?

The Plan will offer COBRA continuation coverage to qualified beneficiaries only after the Plan Administrator has been notified that a qualifying event has occurred. When the qualifying event is the end of employment or reduction of hours of employment, death of the employee, in the event of retired employee health coverage, commencement of a proceeding in bankruptcy with respect to the employer, or the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), the employer must notify the Plan Administrator of the qualifying event.

You Must Give Notice of Some Qualifying Events

For the other qualifying events (divorce or legal separation of the employee and spouse or a dependent child's losing eligibility for coverage as a dependent child), you must notify the Plan Administrator within 60 days after the qualifying event occurs. Contact your employer and/or COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

How Is COBRA Coverage Provided?

Once the Plan Administrator receives notice that a qualifying event has occurred, COBRA continuation coverage will be offered to each of the qualified beneficiaries. Each qualified beneficiary will have an independent right to elect COBRA continuation coverage. Covered employees may elect COBRA continuation coverage on behalf of their spouses, and parents may elect COBRA continuation coverage on behalf of their children.

COBRA continuation coverage is a temporary continuation of coverage. When the qualifying event is the death of the employee, the employee's becoming entitled to Medicare benefits (under Part A, Part B, or both), your divorce or legal separation, or a dependent child's losing eligibility as a dependent child, COBRA continuation coverage lasts for up to 36 months.

When the qualifying event is the end of employment or reduction of the employee's hours of employment, and the employee became entitled to Medicare benefits less than 18 months before the qualifying event, COBRA continuation coverage for qualified beneficiaries other than the employee lasts until 36 months after the date of Medicare entitlement. For example, if a covered employee becomes entitled to Medicare 8 months before the date on which his employment terminates, COBRA continuation coverage for his spouse and children can last up to 36 months after the date of Medicare entitlement, which is equal to 28 months after the date of the qualifying event (36 months minus 8 months). Otherwise, when the qualifying event is the end of employment or reduction of the employee's hours of employment, COBRA continuation coverage generally lasts for only up to a total of 18 months. There are two ways in which this 18-month period of COBRA continuation coverage can be extended.

Disability Extension Of 18-Month Period Of Continuation Coverage

If you or anyone in your family covered under the Plan is determined by the Social Security Administration to be disabled and you notify the Plan Administrator in a timely fashion, you and your entire family may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 60th day of COBRA continuation coverage and must last at least until the end of the 18-month period of continuation coverage. Contact your employer and/or the COBRA Administrator for procedures for this notice, including a description of any required information or documentation.

Second Qualifying Event Extension Of 18-Month Period Of Continuation Coverage

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, the spouse and dependent children in your family can get up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months, if notice of the second qualifying event is properly given to the Plan. This extension may be available to the spouse and dependent children receiving continuation coverage if the employee or former employee dies, becomes entitled to Medicare benefits (under Part A, Part B, or both), or gets divorced or legally separated or if the dependent child stops being eligible under the Plan as a dependent child, but only if the event would have caused the spouse or dependent child to lose coverage under the Plan had the first qualifying event not occurred.

HOW TO FILE A CLAIM AND APPEALS PROCEDURES

In order to obtain your benefits under this benefit program, it is necessary for a Claim to be filed with the Claim Administrator. To file a Claim, usually all you will have to do is show your Identification Card to your Hospital or Physician (or other Provider). They will file your Claim for you. Remember however, it is your responsibility to ensure that the necessary Claim information has been provided to the Claim Administrator.

Once the Claim Administrator receives your Claim, it will be processed and the benefit payment will usually be sent directly to the Hospital or Physician. You will receive a statement telling you how your benefits were calculated. In some cases the Claim Administrator will send the payment directly to you or if applicable, in the case of a Qualified Medical Child Support Order, to the designated representative as it appears on the Claim Administrator's records.

In certain situations, you will have to file your own Claims. This is primarily true when you are receiving services or supplies from Providers other than a Hospital or Physician. An example would be when you have had ambulance expenses. To file your own Claim, follow these instructions:

1. Complete a Claim Form. These are available from your Employee Benefits Department or from the Claim Administrator's office.
2. Attach copies of all bills to be considered for benefits. These bills must include the Provider's name and address, the patient's name, the diagnosis, the date of service and a description of the service and the Claim Charge.
3. Mail the completed Claim Form with attachments to:

Blue Cross and BlueShield of Illinois
P. O. Box 805107
Chicago, Illinois 60680-4112

In any case, Claims must be filed no later than 12 months after the date a service is received. Claims not filed within 12 months from the date a service is received, will not be eligible for payment.

Should you have any questions about filing Claims, ask your Employee Benefits Department or call the Claim Administrator's office.

Concurrent Care

For benefit determinations relating to care that is being received at the same time as the determination, such notice will be provided no later than 24 hours after receipt of your Claim for benefits.

CLAIM APPEAL PROCEDURES - DEFINITIONS

An “**Adverse Benefit Determination**” means a determination, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such determination, reduction, termination, or failure to provide in response to a Claim, Pre-Service Claim or Urgent Care Clinical Claim or make payment for, a benefit resulting from the application of utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator and the Claim Administrator reduces or terminates such treatment (other than by amendment or termination of the Group’s benefit plan) before the end of the approved treatment period, that is also

an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination. A Rescission does not include a termination of coverage for reasons related to non-payment of premium.

Urgent Care/Expedited Clinical Appeals

If your situation meets the definition of an expedited clinical appeal, you may be entitled to an appeal on an expedited basis. An **expedited clinical appeal** is an appeal of a clinically urgent nature related to health care services, including but not limited to, procedures or treatments ordered by a health care provider, as well as continued hospitalization. Before authorization of benefits for an ongoing course of treatment is terminated or reduced, the Claim Administrator will provide you with notice at least 24 hours before the previous benefits authorization ends and an opportunity to appeal. For the ongoing course of treatment, coverage will continue during the appeal process.

Upon receipt of an expedited pre-service or concurrent clinical appeal, the Claim Administrator will notify the party filing the appeal, as soon as possible, but in no event more than 24 hours after submission of the appeal, of all the information needed to review the appeal. The Claim Administrator will render a decision on the appeal within 24 hours after it receives the requested information, but not more than 72 hours from the appeal request.

Standard or Non-Urgent Appeals

The Claim Administrator will send you a written decision for appeals that need medical review within 30 calendar days after we receive your appeal request, or if you are appealing before getting a service. All other appeals will be answered within 60 calendar days.

How to Appeal an Adverse Benefit Determination

You have the right to seek and obtain a review of any determination of a claim, any determination of a request for Prior Authorization, or any other determination made by the Claim Administrator in accordance with the benefits and procedures detailed in your Health Benefit Plan.

An appeal of an Adverse Benefit Determination may be filed by you or a person authorized to act on your behalf. In some circumstances, a health care provider may appeal on his/her own behalf. Under your health benefit plan, there is one level of internal appeal available to you. Your designation of a representative must be in writing as it is necessary to protect against disclosure of information about you except to your authorized representative. To obtain an Authorized Representative Form, you or your representative may call the Claim Administrator at the number on the back of your Identification Card. In urgent care situations, a doctor may act as your authorized representative without completing the form.

If you believe the Claim Administrator incorrectly denied all or part of your benefits, you may have your Claim reviewed. The Claim Administrator will review its decision in accordance with the following procedure:

- Within 180 days after you receive notice of an Adverse Benefit Determination, you may call or write to the Claim Administrator to request a Claim review. The Claim Administrator will need to know the reasons why you do not agree with the Adverse Benefit Determination.
- In support of your Claim review, you have the option of presenting evidence and testimony to the Claim Administrator. You and your authorized representative may ask to review your file and any relevant documents and may submit written issues, comments and additional medical information within 180 days after you receive notice of an Adverse Benefit Determination or at any time during the claim review process.
- The Illinois Department of Insurance (IDOI) offers consumer assistance. If your standard or expedited (urgent) external review request does not qualify for review by your plan or its representatives, you may file an appeal with the IDOI at the Springfield address below. Also, if you have questions about your rights, wish to file a complaint or wish to take up your matter with the IDOI, you may use either address below:

Such new or additional evidence or rationale will be provided to you or your authorized representative as soon as possible and sufficiently in advance of the date a final decision on appeal is made in order to give you a reasonable opportunity to respond. The Claim Administrator may extend the time period described in this benefit booklet for its final decision on appeal to provide you with a reasonable opportunity to respond to such new or additional evidence or rationale. If the initial benefit determination regarding the Claim is based in whole or in part on a medical judgment, the appeal will be conducted by individuals associated with the Claim Administrator and/or by external advisors, but who were not involved in making the initial determination of your Claim. No deference will be given to the initial Adverse Benefit Determination. Before you or your authorized representative may bring any action to recover benefits the claimant must exhaust the appeal process and must raise all issues with respect to a Claim and must file an appeal or appeals and the appeal(s) must be finally decided by the Claim Administrator.

Timing of Non-Urgent Appeal Determinations

Upon receipt of a non-urgent concurrent pre-service or post-service appeal, the Claim Administrator will notify the party filing the appeal within five business days of all the information needed to review the appeal.

The Claim Administrator will render a decision of a non-urgent concurrent or pre-service appeal as soon as practical, but in no event more than 30 calendar days after receipt of all required information. We will send you a written decision for appeals that are related to health care services and not related to administrative matters or Complaints within 30 calendar days after receipt of any needed information, but no later than 30 calendar days of receipt of the request. All other appeals will be answered within 30 calendar days if you are appealing before getting a service or within 60 calendar days if you have already received the service.

If the appeal is related to administrative matters or Complaints, the Claim Administrator will render a decision of a pre-service or post-service appeal as soon as practical, but in no event more than 60 business days after receipt of all required information.

5. An explanation that you and your Provider may file appeals separately and at the same time, and that deadlines for filing appeals or external review requests are not delayed by appeals made by your Provider UNLESS you have chosen your Provider to act for you as your authorized representative;
6. In certain situations, a statement in non-English language(s) that future notices of Claim determinations and certain other benefit information may be available in such non-English language(s);
7. In certain situations, a statement in non-English language(s) that indicates how to access the language services provided by the Claim Administrator;
8. The right to request, free of charge, reasonable access to and copies of all documents, records and other information relevant to the claim for benefits;

10. An explanation of the scientific or clinical judgment relied on in the determination, or a statement that such explanation will be provided free of charge upon request;
11. A description of the standard that was used in denying the claim and a discussion of the decision;
12. When the notice is given upon the exhaustion of an appeal submitted by a health care Provider on his/her own behalf, the timeframes from the date of the adverse determination for the member to file an appeal or file an external review;

13. When the notice of final adverse determination is given upon the exhaustion of internal appeals by the member, a statement that all internal appeals have been exhausted and the member has 4 months from the date of the letter to file an external review;
14. A statement indicating whether the adverse determination relates to a MEMBER appeal (filed by the member or authorized representative who may be the health care Provider) or a PROVIDER appeal (pursuant to the Provider contract) and shall explain timeframes from the date of the adverse determination for the member to appeal and to file an external review regardless of the status of a Provider appeal.

If the Claim Administrator's or your Employer's decision is to continue to deny or partially deny your Claim or you do not receive timely decision, you may be able to request an external review of your claim by an independent third party, who will review the determination and issue a final decision. Your external review rights are described in the **STANDARD EXTERNAL REVIEW** section below. You may file a Complaint with the Illinois Department of Insurance. The Illinois Department of Insurance will notify the Claim Administrator of the Complaint. The Claim Administrator will have 21 days to respond to the Illinois Department of Insurance.

You must exercise the right to internal appeal as a precondition to taking any action against the Claim Administrator, either at law or in equity. If you have an adverse appeal determination, you may file civil action in a state or federal court.

Forum Selection

In the event of any dispute relating to or arising from this Plan, the jurisdiction and venue for the dispute is the United States District Court for the Northern District of Illinois. If, and only if, the United States District Court for the Northern District of Illinois lacks subject-matter jurisdiction over such dispute, the jurisdiction and venue for the dispute is the Circuit Court of Cook County, Illinois.

STANDARD EXTERNAL REVIEW

You or your authorized representative (as described above) may make a request for a standard external review or expedited external review of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination by an independent review organization (IRO). The external review is at no charge to the member.

An “**Adverse Benefit Determination**” means a determination, reduction, or termination of, or a failure to provide or make payment (in whole or in part) for, a benefit, including any such determination, reduction, termination, or failure to provide or make payment for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be experimental or investigational or not Medically Necessary or appropriate. If an ongoing course of treatment had been approved by the Claim Administrator or your Employer and the Claim Administrator or your Employer reduces or terminates such treatment

(other than by amendment or termination of the Employer's benefit plan) before the end of the approved treatment period, that is also an Adverse Benefit Determination. A Rescission of coverage is also an Adverse Benefit Determination. A Rescission does not include a termination of coverage for reasons related to non-payment of premium.

A "**Final Internal Adverse Benefit Determination**" means an Adverse Benefit Determination that has been upheld by the Claim Administrator at the completion of the Claim Administrator's internal review/appeal process.

1. **Request for external review.** Within 4 months after the date of receipt of a notice of an Adverse Benefit Determination or Final Internal Adverse Benefit Determination from the Claim Administrator, you or your authorized representative must file your request for standard external review. If there is no corresponding date 4 months after the date of receipt of such a notice, then the request must be filed by the first day of the fifth month following the receipt of the notice. For example, if the date of receipt of the notice is October 30, because there is no February 30, the request must be filed by March 1. If the last filing date would fall on a Saturday, Sunday, or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday, or Federal holiday.
2. **Preliminary review.** Within 5 business days following the date of receipt of the external review request, the Claim Administrator must complete a preliminary review of the request to determine whether:
 - a. You are, or were, covered under the plan at the time the health care item or service was requested or, in the case of a retrospective review, was covered under the plan at the time the health care item or service was provided;
 - b. The Adverse Benefit Determination or the Final Adverse Benefit Determination does not relate to your failure to meet the requirements for eligibility under the terms of the plan (e.g., worker classification or similar determination);
 - c. You have exhausted the Claim Administrator's internal appeal process unless you are not required to exhaust the internal appeals process under the interim final regulations. Please read the **EXHAUSTION** section below for additional information and exhaustion of the internal appeal process; and
 - d. You or your authorized representative have provided all the information and forms required to process an external review.

You will be notified within 1 business day after we complete the preliminary review if your request is eligible or if further information or documents are needed. You will have the remainder of the 4-month appeal period (or 48 hours following receipt of the notice), whichever is later, to perfect the appeal request. If your claim is not eligible for external review, we will outline the reasons it is ineligible in the notice, and provide contact information for the Department of Labor's Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272).

3. Referral to Independent Review Organization. When an eligible request for external review is completed within the time period allowed, Claim Administrator will assign the matter to an independent review organization (IRO). The IRO assigned will be accredited by URAC or by similar nationally-recognized accrediting organization. Moreover, the Claim Administrator will take action against bias and to ensure independence. Accordingly, the Claim Administrator must contract within at least (3) IROs for assignments under the plan and rotate claims assignments among them (or incorporate other independent, unbiased methods for selection of IROs, such as random selection). In addition, the IRO may not be eligible for any financial incentives based on the likelihood that the IRO will support the determination of benefits.

The IRO must provide the following:

- a. Utilization of legal experts where appropriate to make coverage determinations under the plan.
- b. Timely notification to you or your authorized representative, in writing, of the request's eligibility and acceptance for external review. This notice will include a statement that you may submit in writing to the assigned IRO within ten business days following the date of receipt of the notice additional information that the IRO must consider when conducting the external review. The IRO is not required to, but may, accept and consider additional information submitted after 10 business days.
- c. Within 5 business days after the date of assignment of the IRO, the Claim Administrator must provide to the assigned IRO the documents and any information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Failure by the Claim Administrator to timely provide the documents and information must not delay the conduct of the external review. If the Claim Administrator fails to timely provide the documents and information, the assigned IRO may terminate the external review and make a decision to reverse the Adverse Benefit Determination or Final Internal Adverse Benefit Determination. Within 1 business day after making the decision, the IRO must notify the Claim Administrator and you or your authorized representative.
- d. Upon receipt of any information submitted by you or your authorized representative, the assigned IRO must within 1 business day forward the information to the Claim Administrator. Upon receipt of any such information, the Claim Administrator may reconsider its Adverse Benefit Determination or Final Internal Adverse Benefit Determination that is the subject of the external review. Reconsideration by the Claim Administrator must not delay the external review. The external review may be terminated as a result of the reconsideration only if the Claim Administrator decides, upon completion of its reconsideration, to reverse its Adverse Benefit Determination or Final Internal Adverse Benefit Determination and

provide coverage or payment. Within 1 business day after making such a decision, the Claim Administrator must provide written notice of its decision to you and the assigned IRO. The assigned IRO must terminate the external review upon receipt of the notice from the Claim Administrator.

- e. Review all of the information and documents timely received. In reaching a decision, the assigned IRO will review the claim de novo and not be bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process applicable under paragraph (b) of the interim final regulations under section 2719 of the Public Health Service (PHS) Act. In addition to the documents and information provided, the assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, will consider the following in reaching a decision:
 - (1) Your medical records;
 - (2) The attending health care professional's recommendation;
 - (3) Reports from appropriate health care professionals and other documents submitted by the Claim Administrator, you, or your treating provider;
 - (4) The terms of your plan to ensure that the IRO's decision is not contrary to the terms of the plan, unless the terms are inconsistent with applicable law;
 - (5) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;
 - (6) Any applicable clinical review criteria developed and used by the Claim Administrator, unless the criteria are inconsistent with the terms of the plan or with applicable law; and
 - (7) The opinion of the IRO's clinical reviewer or reviewers after considering information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.
- f. Written notice of the final external review decision must be provided within 45 days after the IRO receives the request for the external review. The IRO must deliver the notice of final external review decision to the Claim Administrator and you or your authorized representative.
- g. The notice of final external review decision will contain:
 - (1) A general description of the reason for the request for external review, including information sufficient to identify the claim (including the date or dates of service, the health care provider, the claim amount (if applicable), the diagnosis code and its

corresponding meaning, the treatment code and its corresponding meaning, and the reason for the previous determination);

- (2) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;
- (3) References to the evidence or documentation, including the specific coverage provisions and evidence-based standards, considered in reaching its decision;
- (4) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;
- (5) A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the Claim Administrator and you or your authorized representative;
- (6) A statement that judicial review may be available to you or your authorized representative; and
- (7) Current contact information, including phone number, for any applicable office of health insurance consumer assistance or ombudsman established under PHS Act section 2793.

h. After a final external review decision, the IRO must maintain records of all claims and notices associated with the external review process for six years. An IRO must make such records available for examination by the Claim Administrator, State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws, and you or your authorized representative.

4. Reversal of plan's decision. Upon receipt of a notice of a final external review decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Claim Administrator immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

EXPEDITED EXTERNAL REVIEW

1. Request for expedited external review. Claim Administrator must allow you or your authorized representative to make a request for an expedited external review with the Claim Administrator at the time you receive:

- a. An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition of the claimant for which the timeframe for completion of an expedited internal appeal under the interim final regulations would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or

b. A Final Internal Adverse Benefit Determination, if the claimant has a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.

2. Preliminary review. Immediately upon receipt of the request for expedited external review, the Claim Administrator must determine whether the request meets the reviewability requirements set forth in the STANDARD EXTERNAL REVIEW section above. The Claim Administrator must immediately send you a notice of its eligibility determination that meets the requirements set forth in STANDARD EXTERNAL REVIEW section above.

3. Referral to independent review organization. Upon a determination that a request is eligible for external review following the preliminary review, the Claim Administrator will assign an IRO pursuant to the requirements set forth in the STANDARD EXTERNAL REVIEW section above. The Claim Administrator must provide or transmit all necessary documents and information considered in making the Adverse Benefit Determination or Final Internal Adverse Benefit Determination to the assigned IRO electronically or by telephone or facsimile or any other available expeditious method.

The assigned IRO, to the extent the information or documents are available and the IRO considers them appropriate, must consider the information or documents described above under the procedures for standard review. In reaching a decision, the assigned IRO must review the claim de novo and is not bound by any decisions or conclusions reached during the Claim Administrator's internal claims and appeals process.

4. Notice of final external review decision. The Claim Administrator's contract with the assigned IRO must require the IRO to provide notice of the final external review decision, in accordance with the requirements set forth in the STANDARD EXTERNAL REVIEW section above, as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the IRO receives the request for an expedited external review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned IRO must provide written confirmation of the decision to the Claim Administrator and you or your authorized representative.

EXHAUSTION

For standard internal review, you have the right to request external review once the internal review process has been completed and you have received the Final Internal Adverse Benefit Determination. For expedited internal review, you may request external review simultaneously with the request for expedited internal review. The IRO will determine whether or not your request is appropriate for expedited external review or if the expedited internal review process must be completed before external review may be requested.

You will be deemed to have exhausted the internal review process and may request external review if the Claim Administrator waives the internal review process or the Claim Administrator has failed to comply with the internal claims and appeals process. In the event you have been deemed to exhaust the internal review process due to the failure by the Claim Administrator to comply with the internal claims and appeals process, you also have the right to pursue any available remedies under 502(a) of ERISA or under State law.

External review may not be requested for an Adverse Benefit Determination involving a claim for benefits for a health care service that you have already received until the internal review process has been exhausted.

GENERAL PROVISIONS

1. CLAIM ADMINISTRATOR'S SEPARATE FINANCIAL ARRANGEMENTS WITH PROVIDERS AND OTHER ENTITIES

The Claim Administrator hereby informs you that it has contracts with certain Providers ("Administrator Providers") in its service area to provide and pay for health care services to all persons entitled to health care benefits under health policies and contracts to which the Claim Administrator is a party, including all persons covered under the Health Care Plan. Under certain circumstances described in its contracts with Administrator Providers, the Claim Administrator may:

- receive substantial payments from Administrator Providers with respect to services rendered to you for which the Claim Administrator was obligated to pay the Administrator Provider, or
- pay Administrator Providers substantially less than their Claim Charges for services, by discount or otherwise, or
- receive from Administrator Providers other substantial allowances under the Claim Administrator's contracts with them.

In the case of Hospitals and other facilities, the calculation of any out-of-pocket maximums or any maximum amounts of benefits payable by the Claim Administrator as described in this benefit booklet and the calculation of all required deductible and Coinsurance amounts payable by you as described in this benefit booklet shall be based on the Eligible Charge or Provider's Claim Charge for Covered Services rendered to you, reduced by the Average Discount Percentage ("ADP") applicable to your Claim or Claims. Your Employer has been advised that the Claim Administrator may receive such payments, discounts and/or other allowances during the term of the agreement between your Employer and the Claim Administrator. Neither the Employer nor you are entitled to receive any portion of any such payments, discounts and/or other allowances in excess of the ADP.

To help you understand how the Claim Administrator's separate financial arrangements with Providers work, please consider the following example:

- a. Assume you go into the Hospital for one night and the normal, full amount the Hospital bills for Covered Services is \$1,000. How is the \$1,000 bill paid?
- b. You personally will have to pay the deductible and Coinsurance amounts set out in your benefit booklet.
- c. However, for purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums, the Hospital's Eligible Charge would be reduced by the ADP applicable to your Claim. In our example, if the applicable ADP were 30%, the \$1,000 Hospital bill would be reduced by 30% to \$700 for

purposes of calculating your deductible and Coinsurance amounts, and whether you have reached any out-of-pocket or benefit maximums.

- d. Assuming you have already satisfied your deductible, you will still have to pay the Coinsurance portion of the \$1,000 Hospital bill after it has been reduced by the ADP. In our example, if your Coinsurance obligation is 20%, you personally will have to pay 20% of \$700, or \$140. You should note that your 20% Coinsurance is based on the full \$1,000 Hospital bill, after it is reduced by the applicable ADP.
- e. After taking into account the deductible and Coinsurance amounts, the Claim Administrator will satisfy its portion of the Hospital bill. In most cases, the Claim Administrator has a contract with Hospitals that allows it to pay less, and requires the Hospital to accept less, than the amount of money the Claim Administrator would be required to pay if it did not have a contract with the Hospital.

So, in the example we are using, since the full Hospital bill is \$1,000, your deductible has already been satisfied, and your Coinsurance is \$140, then the Claim Administrator has to satisfy the rest of the Hospital bill, or \$860. Assuming the Claim Administrator has a contract with the Hospital, the Claim Administrator will usually be able to satisfy the \$860 bill that remains after your Coinsurance and deductible, by paying less than \$860 to the Hospital, often substantially less than \$860. The Claim Administrator receives, and keeps for its own account, the difference between the \$860 bill and whatever the Claim Administrator ultimately pays under its contracts with Administrator Providers, and neither you nor your Employer are entitled to any part of these savings.

The Claim Administrator or its subsidiaries or affiliates may also have ownership interests in or financial arrangements with certain Providers who provide Covered Services to covered persons and/or vendors or other third parties who provide services related to the Policy or provide services to certain Providers.

2. INTER-PLAN ARRANGEMENTS

I. Out-of-Area Services

Overview

The Claim Administrator has a variety of relationships with other Blue Cross and/or Blue Shield Licensees. Generally, these relationships are called "Inter-Plan Arrangements." These Inter-Plan Arrangements work based on rules and procedures issued by the Blue Cross Blue Shield Association ("Association"). Whenever you access healthcare services outside the geographic area the Claim Administrator serves, the Claim for those services may be processed through one of these Inter-Plan Arrangements. The Inter-Plan Arrangements are described below.

When you receive care outside of the Claim Administrator’s service area, you will receive it from one of two kinds of Providers. Most Providers (“participating Providers”) contract with the local Blue Cross and/or Blue Shield Licensee in that geographic area (“Host Blue”). Some Providers (“nonparticipating Providers”) do not contract with the Host Blue. The Claim Administrator explains below how the Claim Administrator pays both kinds of Providers.

Inter-Plan Arrangements Eligibility – Claim Types

All claim types are eligible to be processed through Inter-Plan Arrangements, as described above, except for all dental care benefits except when paid as medical claims/benefits, and those prescription drug benefits or vision care benefits that may be administered by a third party contracted by the Claim Administrator to provide the specific service or services.

A. BlueCard® Program

Under the BlueCard® Program, when you receive Covered Services within the geographic area served by a Host Blue, Claim Administrator will remain responsible for doing what we agreed to in the contract. However, the Host Blue is responsible for contracting with and generally handling all interactions with its participating Providers.

For Inpatient facility services received in a Hospital, the Host Blue’s participating Provider is required to obtain Prior Authorization. If Prior Authorization is not obtained, the participating Provider will be sanctioned based on the Host Blue’s contractual agreement with the Provider, and the member will be held harmless for the Provider sanction.

When you receive Covered Services outside the Claim Administrator’s service area and the Claim is processed through the BlueCard Program, the amount you pay for Covered Services is calculated based on the lower of:

- The billed charges for Covered Services, or
- The negotiated price that the Host Blue makes available to the Claim Administrator.

To help you understand how this calculation would work, please consider the following example:

- a. Suppose you receive Covered Services for an illness while you are on vacation outside of Illinois. You show your Identification Card to the provider to let him or her know that you are covered by the Claim Administrator.
- b. The provider has negotiated with the Host Blue a price of \$80, even though the provider’s standard charge for this service is \$100. In this example, the provider bills the Host Blue \$100.
- c. The Host Blue, in turn, forwards the claim to the Claim Administrator and indicates that the negotiated price for the covered service is \$80. The Claim Administrator would then base the amount you must pay for the

service - the amount applied to your deductible, if any, and your coinsurance percentage - on the \$80 negotiated price, not the \$100 billed charge.

- d. So, for example, if your coinsurance is 20%, you would pay \$16 (20% of \$80), not \$20 (20% of \$100). You are not responsible for amounts over the negotiated price for a covered service.

PLEASE NOTE: The coinsurance percentage in the above example is for illustration purposes only. The example assumes that you have met your deductible and that there are no copayments associated with the service rendered. Your deductible(s), Coinsurance and Copayment(s) are specified in this benefit booklet.

Often, this “negotiated price” will be a simple discount that reflects an actual price that the Host Blue pays to your healthcare provider. Sometimes, it is an estimated price that takes into account special arrangements with your healthcare provider or provider group that may include types of settlements, incentive payments, and/or other credits or charges. Occasionally, it may be an average price, based on a discount that results in expected average savings for similar types of healthcare providers after taking into account the same types of transactions as with an estimated price.

Estimated pricing and average pricing also take into account adjustments to correct for over or underestimation of modifications of past pricing of Claims, as noted above. However, such adjustments will not affect the price the Claim Administrator has used for your claim because they will not be applied after a Claim has already been paid.

B. Negotiated (non-BlueCard Program) Arrangements

With respect to one or more Host Blues, instead of using the BlueCard Program, the Claim Administrator may process your claims for Covered Services through Negotiated Arrangements for National Accounts.

The amount you pay for Covered Services under this arrangement will be calculated based on the lower of either billed charges for Covered Services or negotiated price (refer to the description of negotiated price under Section A, BlueCard Program) made available to the Claim Administrator by the Host Blue.

If reference-based benefits, which are service-specific benefit dollar limits for specific procedures, based on a Host Blue’s local market rates, are made available to you, you will be responsible for the amount that the healthcare provider bills above the specific reference benefit limit for the given procedure. For a participating Provider, that amount will be the difference between the negotiated price and the reference benefit limit. For a nonparticipating Provider, that amount will be the difference between the Provider’s billed charge and the reference benefit limit. Where a reference benefit limit is greater than either a negotiated price or a Provider’s billed charge, you will incur no liability, other than any related patient cost sharing under this agreement.

C. Special Cases: Value-Based Programs

BlueCard® Program

If you receive Covered Services under a Value-Based Program inside a Host Blue's service area, you will not be responsible for paying any of the Provider incentives, risk-sharing, and/or Care Coordinator Fees that are a part of such an arrangement, except when a Host Blue passes these fees to the Claim Administrator through average pricing or fee schedule adjustments.

Value-Based Programs: Negotiated (non-BlueCard Program) Arrangements

If the Claim Administrator has entered into a Negotiated Arrangement with a Host Blue to provide Value-Based Programs to your Employer on your behalf, the Claim Administrator will follow the same procedures for Value-Based Programs administration and Care Coordinator Fees as noted above for the BlueCard Program.

D. Inter-Plan Programs: Federal/State Taxes/Surcharges/Fees

Federal or state laws or regulations may require a surcharge, tax or other fee that applies to self-funded accounts. If applicable, the Claim Administrator will include any such surcharge, tax or other fee as part of the Claim Charge passed on to you.

E. Non-Participating Healthcare Providers Outside The Claim Administrator's Service Area

a. Member Liability Calculation

(1) In General

When Covered Services are provided outside of the Claim Administrator's service area by non-participating Providers, the amount(s) you pay for such services will be calculated using the methodology described in the benefit booklet for non-participating Providers located inside our service area. You may be responsible for the difference between the amount that the non-participating Provider bills and the payment Claim Administrator will make for the Covered Services as set forth in this paragraph.

(2) Exceptions

In some exception cases, the Claim Administrator may, but is not required to, negotiate a payment with such non-participating Provider on an exception basis. If a negotiated payment is not available, then the Claim Administrator may make a payment based on the lesser of:

1. The amount calculated using the methodology described in the benefit booklet for non-participating Providers located inside our service area (and described in Section (a)(1) above); or

2. The following:

- (i) For professional Providers, make a payment based on publicly available Provider reimbursement data for the same or similar services, adjusted for geographical differences where applicable, or
- (ii) For Hospital or facility Providers, make a payment based on publicly available data reflecting the approximate costs that Hospitals or facilities have reportedly incurred historically to provide the same or similar service, adjusted for geographical differences where applicable, plus a margin factor for the Hospital or facility.

In these situations, you may be liable for the difference between the amount that the non-participating Provider bills and the payment the Claim Administrator will make for the Covered Services as set forth in this paragraph.

F. Blue Cross Blue Shield Global® Core

If you are outside the United States, the Commonwealth of Puerto Rico, and the U.S. Virgin Islands (hereinafter “BlueCard service area”), you may be able to take advantage of the Blue Cross Blue Shield Global Core when accessing Covered Services. The Blue Cross Blue Shield Global Core is unlike the BlueCard Program available in the BlueCard service area in certain ways. For instance, although the Blue Cross Blue Shield Global Core assists you with accessing a network of Inpatient, Outpatient and Professional Providers, the network is not served by a Host Blue. As such, when you receive care from Providers outside the BlueCard service area, you will typically have to pay the Providers and submit the Claims yourself to obtain reimbursement for these services.

If you need medical assistance services (including locating a doctor or Hospital) outside the BlueCard service area, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week. An assistance coordinator, working with a medical professional, can arrange a Physician appointment or hospitalization, if necessary.

- **Inpatient Services**

In most cases, if you contact the service center for assistance, hospitals will not require you to pay for covered Inpatient services, except for your cost-share amounts/Deductibles, coinsurances, etc. In such cases, the hospital will submit your claims to the service center to begin claims processing. However, if you paid in full at the time of service, you must submit a Claim to receive reimbursement for Covered Services. **You must contact the Claim Administrator to obtain Prior Authorization for non-emergency Inpatient services.**

- **Outpatient Services**

Outpatient Services are available for Emergency Care. Physicians, urgent care centers and other Outpatient Providers located outside the BlueCard service area will typically require you to pay in full at the time of service. You must submit a Claim to obtain reimbursement for Covered Services.

- **Submitting a Blue Cross Blue Shield Global Core Claim**

When you pay for Covered Services outside the BlueCard service area, you must submit a Claim to obtain reimbursement. For institutional and professional Claims, you should complete a Blue Cross Blue Shield Global Core International claim form and send the Claim form with the Provider's itemized bill(s) to the service center (the address is on the form) to initiate Claims processing. Following the instructions on the Claim form will help ensure timely processing of your Claim. The Claim form is available from the Claim Administrator, the service center or online at www.bcbsglobalcore.com. If you need assistance with your Claim submission, you should call the service center at 1.800.810.BLUE (2583) or call collect at 1.804.673.1177, 24 hours a day, seven days a week.

Servicing Plans

In some instances, the Claim Administrator has entered into agreements with other Blue Cross and Blue Shield Plans ("Servicing Plans") to provide, on the Claim Administrator's behalf, Claim Payments and certain administrative services for you. Under these agreements, the Claim Administrator will reimburse each Servicing Plan for all Claim Payments made on the Claim Administrator's behalf for you.

Certain Servicing Plans may have contracts similar to the contracts described above with certain Providers ("Servicing Plan Providers") in their service area. The Servicing Plan will process your claim in accordance with the Servicing Plan's applicable contract with the Servicing Plan Provider. Further, all amounts payable to the Servicing Plan by the Claim Administrator for Claim Payments made by the Servicing Plan and applicable service charges, and all benefit maximum amounts and any required deductible and Coinsurance amounts under this Health Care Plan will be calculated on the basis of the Servicing Plan Provider's Eligible Charge for Covered Services rendered to you or the cost agreed upon between the Servicing Plan and the Claim Administrator for Covered Services that the Servicing Plan passes to the Claim Administrator, whichever is lower.

Often, the agreed upon cost is a simple discount. Sometimes, however, the agreed upon cost may represent either an estimated discount or an average discount received or expected by the Servicing Plan based on separate financial arrangements with Servicing Plan Providers.

In other instances, laws in a small number of states dictate the basis upon which the Coinsurance is calculated. When Covered Services are rendered in those states, the Coinsurance amount will be calculated using the state's statutory method.

3. THE CLAIM ADMINISTRATOR'S SEPARATE FINANCIAL ARRANGEMENTS REGARDING PRESCRIPTION DRUGS

Claim Administrator's Separate Financial Arrangements with Prescription Drug Providers

The Claim Administrator hereby informs you that it has contracts, either directly or indirectly, with Prescription Drug Providers ("Participating Prescription Drug Providers") to provide prescription drug services to all persons entitled to prescription drug benefits under health policies and contracts to which the Claim Administrator is a party, including all persons covered under this Health Care Plan. Under its contracts with Participating Prescription Drug Providers, the Claim Administrator may receive from these Providers discounts for prescription drugs dispensed to you. Actual discounts used to calculate your share of the cost of prescription drugs will vary. Some discounts are currently based on Average Wholesale Price ("AWP") which is determined by a third party and is subject to change. You understand that the Claim Administrator may receive such accounts. Neither the Employer nor you are entitled to receive any portion of any such payments, discounts and/or other allowances.

For the home delivery pharmacy and specialty pharmacy program partially owned by Prime, Prime retains the difference between its acquisition cost and the negotiated prices as its fee for the various administrative services provided as part of the home delivery pharmacy and/or specialty pharmacy program. The Claim Administrator pays a fee to Prime for pharmacy benefit services. A portion of Prime's PBM fees are tied to certain performance standards, including, but not limited to, Claims processing, customer service response, and home delivery processing.

"Weighted Paid Claim" refers to the methodology of counting Claims for purposes of determining the Claim Administrator's fee payment to Prime. Each retail (including Claims dispensed through PBM's Specialty Pharmacy program) paid Claim will be weighted according to the days' supply dispensed. A paid Claim is weighted in 34 day supply increments, so a 1-34 days' supply is considered 1 weighted Claim, a 35-68 days' supply is considered 2 weighted Claims, and the pattern continues up to 6 weighted Claims for 171 or more days' supply. The Claim Administrator pays Prime a Program Management Fee ("PMF") on a per weighted Claim basis.

The amounts received by Prime from the Claim Administrator, Pharmacies, manufacturers or other third parties may be revised from time to time. Some of the amounts received by Prime may be charged each time a Claim is processed (or, in some instances, requested to be processed) through Prime and/or each time a prescription is filled, and include, but are not limited to,

administrative fees charged by Prime to the Claim Administrator (as described above), administrative fees charge by Prime to Pharmacies and administrative fees charged by prime to pharmaceutical manufacturers. Currently, none of these fees will be passed on to you as expenses, or accrue to the benefit of you, unless otherwise specifically set forth in this benefit booklet. Additional information about these types of fees or the amount of these fees is available upon request. As of the effective date, the maximum that a PBM has disclosed to the Claim Administrator that the PBM will receive from any pharmaceutical manufacturer for manufacturer administrative fees five and a half percent (5.5%) of the Wholesale Acquisition Cost (“WAC”) for all products of such manufacturer dispensed during any given calendar year to members of the Claim Administrator and to members of the other Blue Plan operating divisions of Health Care Service Corporation or for which Claims are submitted to the PBM at the Claim Administrator’s request; provided, however, that the Claim Administrator will advise the Employer if such maximum has changed.

Claim Administrator’s Separate Financial Arrangements with Pharmacy Benefit Managers

The Claim Administrator owns a significant portion of the equity of Prime Therapeutics LLC and informs you that the Claim Administrator has entered into one or more agreements with Prime Therapeutics LLC or other entities (collectively referred to as “Pharmacy Benefit Managers”) to provide, on the Claim Administrator’s behalf, Claim Payments and certain administrative services for your prescription drug benefits. Pharmacy Benefit Managers have agreements with pharmaceutical manufacturers to receive rebates for using their products. The Pharmacy Benefit Manager may share a portion of those rebates with the Claim Administrator. In addition, the mail-order pharmacy and specialty pharmacy operate through an affiliate partially owned by Prime Therapeutics, LLC. Neither the Employer nor you are entitled to receive any portion of such rebates.

Prime negotiates rebate contracts with pharmaceutical manufacturers on behalf of the Claim Administrator, but does not retain any rebates (although Prime may retain any interest or late fees earned on rebates received from manufactures to cover the administrative costs of processing late payments). The Claim Administrator may also negotiate rebate contracts with pharmaceutical manufacturers. The Claim Administrator may receive such rebates from Prime or pharmaceutical manufacturers. You are not entitled to receive any portion of any such rebates.

4. PAYMENT OF CLAIMS AND ASSIGNMENT OF BENEFITS

- a. Under this Health Care Plan, the Claim Administrator has the right to make any benefit payment either to you or directly to the Provider of the Covered Services. For example, the Claim Administrator may pay benefits to you if you receive Covered Services from a Non-Administrator Provider. The Claim Administrator is specifically

authorized by you to determine to whom any benefit payment should be made.

- b. Once Covered Services are rendered by a Provider, you have no right to request the Claim Administrator not to pay the Claim submitted by such Provider and no such request will be given effect. In addition, the Claim Administrator will have no liability to you or any other person because of its rejection of such request.
- c. A covered person's claim for benefits under this Health Care Plan is expressly non-assignable and non-transferable in whole or in part to any person or entity, including any Provider, at any time before or after Covered Services are rendered to a covered person. Coverage under this Health Care Plan is expressly non-assignable and non-transferable and will be forfeited if you attempt to assign or transfer coverage or aid or attempt to aid any other person in fraudulently obtaining coverage. Any such assignment or transfer of a claim for benefits or coverage shall be null and void.

5. YOUR PROVIDER RELATIONSHIPS

- a. The choice of a Provider is solely your choice and the Claim Administrator will not interfere with your relationship with any Provider.
- b. The Claim Administrator does not itself undertake to furnish health care services, but solely to make payments to Providers for the Covered Services received by you. The Claim Administrator is not in any event liable for any act or omission of any Provider or the agent or employee of such Provider, including, but not limited to, the failure or refusal to render services to you. Professional services which can only be legally performed by a Provider are not provided by the Claim Administrator. Any contractual relationship between a Physician and an Administrator Provider shall not be construed to mean that the Claim Administrator is providing professional service.
- c. Balance Billing and Other Protections

Federal requirements, including, but not limited to, the Consolidated Appropriations Act, may impact Your benefits. BCBSIL will apply federal requirements to your benefit plan, where applicable.

For some types of out-of-network care, your health care Provider may not bill you more than your in-network Copayment/Coinsurance. If you receive the types of care listed below, your Copayment/Coinsurance will be calculated as if you received Covered Services from a Participating Provider. Those Copayment/Coinsurance amounts will apply to any in-network Deductible and out-of-pocket maximums.

- Emergency Care from non-Participating facilities or Providers;
- Care furnished by non-Participating Providers during your visit to a Participating facility; and
- Air ambulance services from non-Participating Providers, if your Plan covers in-network air ambulance services.

There are limited instances when a non-Participating Provider of the care listed above may send you a bill for up to the amount of that Provider's billed charges. You are only responsible for payment of the out-of-network Provider's billed charges if, in advance of receiving services, you signed a written notice that informed you of:

- The Provider's out-of-network status;
- In the case of services received from a non-Participating Provider at a Participating facility, a list of Participating Providers at the facility who could offer the same services;
- Information about whether Prior Authorization or other Utilization Management limitations may be required in advance of services; and
- A good faith estimate of the Provider's charges.

Your Provider cannot ask you to be responsible for paying billed charges for certain types of services, including emergency medicine, anesthesiology, pathology, radiology, and neonatology, and other specialists as may be defined by applicable law.

You are required to furnish any information or assistance or provide any documents that the Claim Administrator may reasonably require in order to obtain our rights under this provision. This provision applies whether or not the third party admits liability. (See provisions of this benefit booklet regarding "Claim Administrator's Separate Financial Arrangements with Providers.")
