# **HOUSING & LEASE DETAILS**

**\*\*READ YOUR LEASE!\*\***

# Understanding Your Lease

What is the *single most important thing* you can do before signing your lease?

Read It

# Your Lease: Key Questions

- What's the term?
- How can you leave the lease early? Are there penalties to do so?
- Is it a joint or individual lease?
- How and when do you pay rent?
- How do you request repairs, or pest control?
- Whether and how can you sublet?
- What rules has the landlord established for your use of the property?
- How does the lease compare to [model leases](#)?

# Application & Lease Fees

- Many landlords require tenants to pay application and move-in fees (or security deposit), in addition to the first month's rent, before signing the lease agreement.
- If you have to pay non-refundable fees, those are typically charged in place of a refundable security deposit.
- **A security deposit can be no larger than one and a half times your rent payment**

Social Security Number, Credit, Co-Signers, & Conflicts

## **ADDITIONAL LEASE ISSUES**

# Social Security Number (SSN) for International Students

- Your application may be turned down without an SSN or ITIN
- You will be able to obtain an SSN eventually if you have an on-campus job.
- Some landlords will accept a valid passport, Form I-20, or Form DS-2019 as proof of being an international student studying at Northwestern

# Credit History Review

- Landlords may ask for a Social Security number in order to conduct a credit check as part of the application.
- Poor credit history?
  - Find someone (often a family member) willing to co-sign your lease, or be a guarantor on it.
- What if you don't have an SSN?
  - If you have an on-campus internship/assistantship, obtain a letter from your academic department with the terms of your position and its pay
  - Obtain a letter of sponsorship or other proof of income (e.g., bank statements) to demonstrate your ability to pay.
  - Provide contact information (email) from previous landlords
