

HOW TO BUDGET AND STICK TO IT

WHY BUDGET

- When you first move off-campus, learning how to manage your money is one of the most important life lessons anyone learns in college and is vital to having a great off-campus student experience

HOW TO BEGIN

- Develop your own system or download a [Monthly Budget Spreadsheet](#) from our website
- Check out [Northwestern Financial Wellness](#) to learn the basics of credit, managing student loans, and more

EVERY DOLLAR COUNTS

- Identify your sources of money and how much you have to spend monthly
- Track exactly where your money is going each month. Remember celebration seasons, special occasions, personal purchases
- List essential needs like food costs, rent, transportation, and textbooks
- Set a minimum amount of savings, and how much you will add to it monthly
- Do not buy on impulse, but do allot money for nonessential wants
