

Month/year: _____

Daily Pre-Use Inspection Checklist

Equipment number: _____

John Deere Backhoe Loader

If any item is damaged or not working properly, take a copy of this checklist and give it to your supervisor. Make notes, (ON THE COPY), in the comments section below.

NOTE: If the powered industrial truck is not used, all inspection items must be marked not applicable (N/A). Mark "✓" if the condition is good and "x" if action is needed.

Visual Inspection Items	Day of the Month														
	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
A. Hour meter reading - Notify the Auto shop if the hours on the service reminder card are greater than or equal to the hour meter reading															
B. Check the gauge (if equipped) and tag on the fire extinguisher															
C. Check the condition of the guards, shields, roll-over protective structure (ROPS), covers, and seat belt															
D. Check the cab doors and window seals															
E. Check for oil leaks, missing or loose clamps, kinked hoses, and hoses that rub against each other															
F. Check for worn or frayed electrical wires and loose or corroded connections															
G. Check for bent, broken, loose, or missing parts
