## WE'RE HERE TO HELP

Northwestern University Student Finance handles more than 24,000 student accounts each year. We are responsible for the billing and collection of tuition, fees, and residence and board charges. We're here to answer your questions and resolve any problems concerning the financial regulations described in this booklet and on the Student Finance website, [www.northwestern.edu/sfs](http://www.northwestern.edu/sfs). Feel free to contact us at either of our two locations:

## ABOUT THIS BOOKLET

The financial regulations in this booklet pertain to the 2020–21 academic year and replace those of all previous years. The information applies in general to students enrolled in Northwestern University undergraduate and graduate education programs, except Summer Session, special programs, and Northwestern University in Qatar; financial regulations for students in these programs may be found at [www.sps.northwestern.edu/program-areas/summer](http://www.sps.northwestern.edu/program-areas/summer) and [my.qatar.northwestern.edu/finance](http://my.qatar.northwestern.edu/finance).

Please read this booklet carefully. Failure to do so does not exempt you from compliance with the rules and regulations it contains.

*Northwestern University reserves the right to change without notice any statement in this booklet concerning, but not limited to, rules, policies, tuition, fees, curricula, and courses.*

## YOUR FINANCIAL OBLIGATIONS

As a Northwestern student, you are responsible for meeting your financial obligations to the University. If your account becomes overdue, you will incur a late payment fee (see “Common Fees” in this booklet). In addition, you will be liable for any costs associated with collecting your unpaid bills, including but not limited to collection agency costs, court costs, and legal fees.

The director of student finance may cancel or prevent the registration of students whose accounts are overdue. Students with unpaid bills may not receive their diplomas or transcripts, or have their enrollment or degrees confirmed, until all financial obligations are met in full.

### Email Communication

The University has the right to use email to send you official communication—including any pertaining to tuition, billing, and financial aid—and to expect students to receive and read such messages in a timely manner. Official University email is always sent to your Northwestern student email address; the University is not responsible for email forwarded to an alternate address. Failure to receive or read official University email does not exempt you from knowing and complying with the message content.

## BILLING AND PAYMENTS

### Accessing Bills

Northwestern uses an electronic billing system that sends notification to your Northwestern student email address whenever a bill is posted to your account and viewable on CAESAR at [www.northwestern.edu/caesar](http://www.northwestern.edu/caesar). The billing system automatically keeps records of all account activity. Instructions for granting parent/guest access to your account are provided under “Guest Access” at [www.northwestern.edu/sfs](http://www.northwestern.edu/sfs).

### Payment Due Dates

Billing schedules vary across the University, with payment due dates corresponding to the academic term systems in use by different schools and programs. Typically, payment is due before the start of the academic term—i.e., before each quarter, trimester, or semester—depending on the program. Please note that failure to receive a bill is not sufficient cause for extending the payment due date.

## **Payment due dates each quarter\***

*All Northwestern programs except the Feinberg School of Medicine and Pritzker School of Law programs noted below*

Fall	September 1, 2020
Winter	January 1, 2021
Spring	April 1, 2021

\* Fall-quarter payment for some programs may be due October 1 or November 1, depending on enrollment deadlines. New students in School of Professional Studies undergraduate programs pay at least 60 percent of their total tuition and 100 percent of all fees prior to or at the time of registration. Northwestern employees and their eligible dependents who register as new SPS undergraduates pay at least 15 percent of their total tuition and 100 percent of all fees prior to or at the time of registration.

## **Payment due dates each trimester**

*Feinberg Physician Assistant (MMS) program*

Fall	October 1, 2020
Spring	February 1, 2021
Summer	June 1, 2021

## **Payment due dates each semester**

*Pritzker degree programs*

Fall	September 1, 2020
Spring	January 1, 2021
Summer	June 1, 2021 (LLM programs) July 1, 2021 (all other programs)

## **Payment due dates: Other schedules**

*Feinberg Doctor of Medicine (MD) and Master's of Prosthetics and Orthotics (MPO) programs*

*First- and second-year MD students:*

First payment	August 1, 2020
Second payment	January 1, 2021

*Third- and fourth-year MD students:*

First payment	July 1, 2020
Second payment	January 1, 2021

*MPO students (any year):*

First payment	July 1, 2020
Second payment	January 1, 2021

## **Making Payments**

Northwestern accepts online payments through CAESAR. You may pay by electronic check or, for a small fee, by credit card. If paying by mail, please allow five working days for delivery. For more information, see "Payment Methods" and "CAESAR How-To Guides" on the Student Finance website.

## **Adjustments**

If you intend to contest a portion of your bill, be sure to pay the uncontested portion by the due date and immediately contact the office responsible for the contested portion to request an adjustment. Delaying payment of the uncontested portion may result in a hold on your registration.

## **9PAY Prepayment Plan**

The University offers a tuition and fee prepayment plan that allows you to divide educational costs for the entire academic year into nine monthly payments. For information about the 9PAY plan, including terms and eligibility requirements, see “Payment Methods” and “CAESAR How-To Guides” on the Student Finance website.

## **Third-Party Payments**

If a third party such as an employer or other sponsor has agreed to pay your tuition, Student Finance may be able to facilitate the billing and payment process for you. Please note, however, that even with a third-party payment arrangement in place, you, the student, are ultimately liable for all charges on your account. For more information, see “Payment Methods” on the Student Finance website.

## **Employer Reimbursement Plan**

Northwestern’s employer reimbursement plan is designed for students in the School of Professional Studies and the Kellogg School of Management’s Evening and Weekend MBA Programs whose employers offer reimbursement for tuition charges. ERP participants are allowed to defer their tuition payments until after the term is completed. For more information, see “Employer Reimbursement Plan” on the Student Finance website.

## **Late Payments**

If payment is not received by the due date, you will be charged a late payment fee (see “Common Fees” in this booklet). Failure to pay bills on time may result in a hold on your registration.

## **Returned Payments**

If your payment by electronic check, paper check, or credit card is returned by the bank for any reason, you will incur a returned payment fee (see “Common Fees” in this booklet). Please note that this fee may be assessed in addition to a late payment fee if your payment is both returned and late.

## **Inactive Accounts**

A monthly account maintenance fee will be charged for each month that your tuition and fees account remains open after your last term of registration has ended (see “Common Fees” in this booklet).

## Financial Aid Payments

Financial aid credits will not be reflected on your student account until you have registered for the term and tuition has been charged. Additionally, credits may be removed from your account if you do not meet the requirements set by the aid source(s). It is your responsibility to contact the appropriate financial aid office if problems or delays occur. To find out which financial aid office at Northwestern serves your school or program, see [www.northwestern.edu/sfs/about/contact/offices.html](http://www.northwestern.edu/sfs/about/contact/offices.html).

Federal Title IV financial aid, excluding federal work-study, is applied directly to your tuition and fees account. This account may include other charges such as library fines, parking fines, room damage charges, health service fees, etc. You may authorize Northwestern to apply your Title IV aid to such charges, and you may rescind authorization at any time through Student Finance.

University-appropriated financial aid, outside scholarships, and state assistance are applied directly to bills for tuition and fees. Students are required to forward scholarship checks to their financial aid office for proper disbursement of the funds. Student loan funds that are transferred electronically from the lender to the University are applied directly to your tuition account. Loan checks made copayable to you and the University must be applied to your tuition account and require you to visit Student Finance to provide your signature (with valid Wildcard); such checks cannot be endorsed by the University and then returned to you. You will be notified by email when a check is ready for your in-person endorsement.

Graduate student tuition grants and loans are also applied directly to tuition bills. Graduate students receiving stipends should consult their home departments regarding payroll options.

If the aid applied to your bill exceeds the charges, you may request a refund of the balance at the beginning of the term through CAESAR or by contacting Student Finance. If you have given prior authorization through CAESAR, you may receive your refund by direct deposit to your financial institution; otherwise, a refund check will be mailed to your current address.

First-time federal student loan recipients must meet specific requirements—such as completing entrance counseling, promissory notes, and other tasks outlined on their “To Do Item List” on CAESAR—before the loan funds can be disbursed. Upon leaving the University for any reason, including graduation, student loan recipients must complete exit counseling; an email outlining the requirements will be sent at the appropriate time.

### **Notice of right to cancel**

You have the right to cancel all or a portion of your Federal Direct Loan(s) within 14 days of the date of the disbursement notice. If you wish to cancel your loan, contact the Office of Financial Aid.

### **Tax liability**

If your grant or scholarship funds exceed qualified tuition and related expenses, they may be taxable and therefore reportable to the Internal Revenue Service. Qualified tuition and related expenses are defined as tuition and fees required for enrollment or attendance, as well as fees, books, supplies, and equipment required for courses and instruction. Questions concerning the taxability of grants or scholarships should be directed to the IRS or a tax professional.

## **REGISTRATION CHANGES, WITHDRAWALS, AND REFUNDS**

### **Registration Changes**

Changes in registration must be completed through CAESAR or through the process established by your school; ceasing to attend classes is not an official means of dropping a course. Please note that registering less than full- or half-time in any given term may have implications beyond your student account; consult the appropriate offices (e.g., your academic department, your school's financial aid office, the International Office) before making such changes. You may not add courses or change course sections after the add deadline. As a rule, the University cannot give refunds or reduce tuition bills for any course dropped after the add deadline. (School of Professional Studies undergraduate and graduate programs are an exception; for more information, see [www.sps.northwestern.edu](http://www.sps.northwestern.edu).)

For more information about University registration policies and procedures, including the Undergraduate Registration Requirement that applies to degree-seeking undergraduate students, see [www.registrar.northwestern.edu](http://www.registrar.northwestern.edu).

### **Withdrawal from the University**

If you decide to withdraw from the University after registering for classes, you must file a withdrawal form, with the proper signatures, at the appropriate registrar's office. If you do not notify the registrar of your intent to withdraw, your enrollment and charges will remain on your record.

Tuition deposits are not refundable under any circumstances. However, depending on the date of your official withdrawal from Northwestern during a given term, tuition (less the deposit) and refundable fees may be refunded.

## General Institutional Refund Policy

In most Northwestern programs,\* the percentage of tuition refunded depends on how long you were enrolled in the term. A term is inclusive of the official first day of classes through the official last day of the final exam period for the term.

<i>Time of withdrawal</i>	<i>Tuition refund</i>
When or before the first 10 percent of the term has elapsed	100 percent (less tuition deposit)
After 10 percent but not more than 25 percent of the term has elapsed	75 percent
After 25 percent but not more than 50 percent of the term has elapsed	50 percent
After 50 percent of the term has elapsed	0 percent

\* *Programs that do not follow the general refund policy include School of Professional Studies undergraduate and graduate programs; Kellogg School of Management Executive MBA Program; Pritzker School of Law programs; and the Feinberg School of Medicine's Doctor of Medicine, Doctor of Physical Therapy, Master's in Prosthetics and Orthotics, and Physician Assistant programs. See "Withdrawing from the University" on the Student Finance website for each program's refund policies.*

## Return of Financial Aid If You Withdraw

### Title IV funds

Federal programs that issue grants and loans authorized under Title IV of the US Higher Education Act require a calculation to determine how much, if any, of the Title IV aid you received for the term must be returned if you withdraw from the University.

If the withdrawal date occurs *before* the first 60 percent of the term has elapsed, the amount of Title IV aid retained is based on the amount of the term that elapsed (or the number of days of attendance) prior to the withdrawal date divided by the total number of days in the term. This Return of Title IV Funds Calculation determines the amount of Title IV aid "earned" for the period of enrollment. Any "unearned" Title IV funds must be returned in the following order, as prescribed by federal regulations:

- (1) Unsubsidized Federal Stafford Loan
- (2) Subsidized Federal Stafford Loan
- (3) Federal Loan
- (4) Direct PLUS Loan
- (5) Federal Pell Grant
- (6) Federal SEOG
- (7) Teach Grant
- (8) Other Title IV assistance programs

If the withdrawal date occurs *after* the first 60 percent of the term has elapsed, the amount of Title IV aid retained

is 100 percent, and no return of Title IV funds is required. However, a portion of the non-Title IV funds (i.e., state assistance, outside scholarships, private loans, and/or University-appropriated financial aid) may have to be returned; see below and contact your school's financial aid office for more information.

### **Non-Title IV funds**

State assistance, outside scholarships, private loans, and University-appropriated financial aid for the term must be reviewed if you withdraw from the University. Special requirements may apply to state sources of assistance and donor-funded scholarships.

If you retain University-appropriated assistance for unpaid institutional charges as a result of a withdrawal, please consult your financial aid office to determine the impact on future eligibility.

Any financial aid funds that remain after all necessary adjustments have been made will be released to you. However, if refund calculations result in a balance due on your tuition account, you will be required to make the appropriate payments.

### **Repayment of refunds**

If you receive a refund for the term, you may be required to repay a portion of that refund once the Title IV aid has been returned to the Department of Education. Your school's financial aid office will contact you with specific details. Student Finance will also notify you of the amount owed and bill your student account accordingly.

### **Student repayment of aid**

In rare instances, as a result of the Return of Title IV Funds Calculation, a student who received federal aid and then withdraws from the University may have to repay a portion of the aid directly to the Department of Education. Until the repayment is collected in full, the student will be ineligible to receive further Title IV funds, and subsequent financial aid transcripts received by the Office of Financial Aid will show that the student owes repayment.

For more information about withdrawals and refunds, see "Withdrawals and Financial Aid" on the Student Finance website.

### **Housing Contract Adjustments**

Withdrawal from the University may affect your residence and board contract; see "Residential Services" in this booklet as well as the Residential Services website.

## Military Service

If you are ordered to active duty in the military during an academic term and are thus unable to complete coursework, you are entitled to a full refund of tuition and fees for the term. However, if you arrange with your instructor(s) and school to receive credit for one or more courses, the refund will be prorated based on the credit received. In order to receive your refund, you must provide proof of active-duty orders to Student Finance.

## TUITION AND FEES

Tuition and fees listed here are for the 2020–21 academic year, excluding Summer Session 2021. The majority of courses will be delivered remotely; delivering in-person courses depends on health guidelines and available classroom space. The University may also adjust other features of the academic experience, including course offerings and grading. Such changes may be communicated by the University or a student's school or program. Should these changes occur, or if a student chooses to participate in remote courses, tuition and fees will not be refunded or prorated.

Tuition increases should be expected in subsequent years. University fees applicable across schools are grouped under "Common Fees," page 17. For application fee and tuition deposit information, see your school or program's website.

## RESIDENTIAL SERVICES

For detailed information about policies, procedures, and costs associated with residing in University housing, see the Residential Services website, [www.northwestern.edu/living](http://www.northwestern.edu/living), or contact Residential Services at [housing@northwestern.edu](mailto:housing@northwestern.edu) or 847-467-4663. Residential Services is located at 2122 Sheridan Road, Suite 150, Evanston, Illinois 60208-1350.

### Undergraduate Housing

#### Residence contracts

Only students who are regularly enrolled full-time at Northwestern as degree candidates are eligible to reside in University-owned housing. Eligibility is forfeited if your student status is terminated for any reason.

Students are required to sign residence and board contracts before they may take up occupancy in student residences. Contracts detail eligibility requirements, the duration of the contract, and rules and regulations for undergraduate student residences, including the following stipulations:

- Residence and board contracts are signed for the entire academic year; unless formally released from your contract, you are responsible for charges for the duration of the contract.
- If you are dismissed from the University for academic or disciplinary reasons, are inducted into military service, marry, or withdraw from the University for medical reasons as certified by the Health Service, you will be formally released from your residence and board contract effective the last week of your residence.
- If you graduate, voluntarily withdraw from Northwestern, or transfer to another university, you will be formally released from your residence and board contract effective the end of the last academic term in which you are enrolled for any portion of the term.

## Residence rates

Room rates vary by student residence and room type. Below are rate ranges for the 2020–21 academic year. Certain student residences may charge \$20 to \$75 in social fees per quarter. For rates specific to each residence, see [www.northwestern.edu/living](http://www.northwestern.edu/living).

<i>Room type</i>	<i>Annual rate</i>	<i>Rate per quarter</i>
Triple	\$9,201	\$3,067
Double	\$9,615–\$10,881	\$3,205–\$3,627
Single	\$11,523–\$12,195	\$3,841–\$4,065

## Room reservation deposit

A \$200 nonrefundable housing prepayment is required of all newly admitted undergraduates before their housing assignment can be made. (It is not required for returning students.) Serving as a housing application fee, the \$200 is applied against room charges for the academic quarter.

## Cancellations

If you wish to cancel your housing assignment, you must notify Residential Services immediately. If you have already signed your residence contract, you may be held liable for all or a portion of the residence charges unless a formal release is granted. Please note that requesting cancellation does not guarantee release from your housing contract; release requests are reviewed on a case-by-case basis. Cancellation fees apply; see [www.northwestern.edu/living/housing-assignments/cancellation](http://www.northwestern.edu/living/housing-assignments/cancellation).

## Meal contracts

All students living in University student residences are required to sign up for a minimum of 14 meals per week. Some plans offer a fixed number of meals per quarter, while others permit unlimited meals. First-year students are automatically assigned the Open Access plan. Plans are valid for meals at all or selected residential dining commons on the Evanston campus; a valid Wildcard is needed for entry. Plans also vary in their allocation of Dining Dollars, which may be used for guest meals in the dining commons as well as for purchases at à la carte food service facilities across campus. Cat Cash in \$25 increments may be added to any plan at any time. You may request only one change of meal plan per quarter, before the sixth week has elapsed. For complete meal plan information, see [www.dineoncampus.com/northwestern](http://www.dineoncampus.com/northwestern).

## Meal plan rates

<i>Plan type</i>	<i>Annual rate</i>	<i>Rate per quarter</i>
Open Access (unlimited)	\$6,738	\$2,246
Base 14 (14 meals/week)	\$6,633	\$2,211
Flex Pack 330	\$6,204	\$2,068
Flex Pack 210	\$4,065	\$1,355
Purple 50/50	\$1,845	\$615
Wildcat Pack	\$309	\$103

## Fraternity and Sorority Housing

Each sorority and fraternity sets its own residence and board rates; for information, see the Office of Fraternity and Sorority Life's website, [www.northwestern.edu/fsl](http://www.northwestern.edu/fsl), or contact the fraternity or sorority directly.

## Graduate Housing

Only students regularly enrolled in Northwestern University as full-time graduate degree candidates or as postdoctoral students taking graduate-level courses are eligible for residence in graduate housing. If your student status is terminated for any reason, you are no longer eligible to live in University-owned housing.

University-owned graduate housing is available only on the Evanston campus. If offered accommodations, you must sign a contract before you may occupy the unit. The contract details eligibility requirements, the duration of the contract, and rules and regulations for graduate housing facilities, including the following stipulations:

- You will be considered in default of the contract for violation of any of its terms or conditions, including the payment of rent. In the event of default, the University may reenter and repossess the unit or may require you to vacate the unit no later than 30 days after written notice of default.
- You will be released from the contract effective the last day of your residence if you graduate, voluntarily withdraw from Northwestern, transfer to another university, are dismissed from the University for academic or disciplinary reasons, are inducted into military service, marry, or withdraw from the University for medical reasons as certified by the Health Service.

## Residence rates

For 2020–21 rates, see the Residential Services website, [www.northwestern.edu/living](http://www.northwestern.edu/living).

## Housing deposit

A \$300 nonrefundable housing deposit is required of all graduate students who are offered a contract for University housing. This prepayment, which is due before a signed housing contract can be accepted, is applied against the residence charges for the academic year.

## Cancellations

Residents of graduate housing who leave the University and wish to terminate their housing contracts must submit the Graduate Housing Cancellation Request form to Residential Services. For residents leaving for other than academic or medical reasons, existing contracts may not be cancelled before the termination date on the contract. A unit is not considered vacated until the resident has removed all possessions, surrendered the unit's keys, and checked out at the residence's main office.

# HEALTH INSURANCE COVERAGE REQUIREMENT

## **Northwestern University Student Health Insurance Plan (NU-SHIP)**

All Northwestern degree-seeking students—except those in the School of Professional Studies and the Kellogg School of Management’s Executive MBA Program—are required to maintain health insurance that meets University standards. To ensure that students have adequate health insurance, the University annually enrolls all eligible students in the Northwestern University Student Health Insurance Plan, which is provided by Aetna Student Health.

For full information about NU-SHIP’s coverage and benefits, see [www.northwestern.edu/student-insurance](http://www.northwestern.edu/student-insurance) and [www.aetnastudenthealth.com/northwestern](http://www.aetnastudenthealth.com/northwestern).

### **Open enrollment and coverage period**

During the applicable open enrollment period each year, students are expected to confirm or waive NU-SHIP enrollment via CAESAR. If you take no action, you will remain enrolled in NU-SHIP and be responsible for the plan premium charged to your student account. Enrollment is in effect until the following year (August 31) unless you experience a qualifying life event. For most programs, open enrollment begins July 1 and ends October 1, and NU-SHIP coverage begins September 1 and ends August 31. However, open enrollment and coverage periods may vary based on your program’s start date. See [www.northwestern.edu/student-insurance](http://www.northwestern.edu/student-insurance) for more information.

### **Confirming or waiving enrollment**

For detailed information and step-by-step instructions for enrolling in or waiving out of NU-SHIP online, see [www.northwestern.edu/student-insurance/insurance-requirements/annual-enrollment-waiver-process](http://www.northwestern.edu/student-insurance/insurance-requirements/annual-enrollment-waiver-process).

If you have questions, you may email [student.insurance@northwestern.edu](mailto:student.insurance@northwestern.edu), call 847-491-3621, or visit the Student Health Insurance Office on either campus:

*Chicago:* 710 North Lake Shore Drive  
*Evanston:* 633 Emerson Street

### **NU-SHIP premiums**

Annual premiums vary by coverage start date and other factors. For 2020–21 premium rates, see [www.northwestern.edu/student-insurance/plan-info-reqs/nu-ship-information/upcoming-plan-changes.html](http://www.northwestern.edu/student-insurance/plan-info-reqs/nu-ship-information/upcoming-plan-changes.html).

### **Dependents**

Application and payment for enrolling eligible dependents in NU-SHIP must be completed at [www.aetnastudenthealth.com/northwestern](http://www.aetnastudenthealth.com/northwestern). Students must enroll dependents

during their program's open enrollment period each year. Dependent coverage is available only to students who are themselves enrolled in NU-SHIP.

### **International students**

International students are required to maintain enrollment in NU-SHIP for the duration of their studies and are urged to complete online enrollment as early as possible.

## **EDUCATIONAL BENEFITS**

### **For Veterans**

Veterans' educational benefits are administered by each school's registrar's or financial aid office. At the time your studies begin, make sure that all necessary records and credentials are available and in order. You then need to notify your school certifying official each time you register.

While a payment from the United States Department of Veterans Affairs is pending, Northwestern University will not take any of the four following actions toward any student using US Department of Veterans Affairs (VA) Post 9/11 G.I. Bill (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31) benefits:

- prevent the student's enrollment;
- assess a late penalty fee;
- require the student secure alternative or additional funding (except in cases where benefits do not cover full institutional charges);
- deny the student's access to any resources (such as classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

To qualify for this provision, however, such students may be required to

- produce the VA's certificate of eligibility by the first day of class;
- provide written request to be certified;
- provide additional information needed to properly certify the enrollment as described in other institutional policies (see the VA School Certifying Official for all requirements).

*GI Bill is a registered trademark of the US Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official US Government website at [www.benefits.va.gov/gibill](http://www.benefits.va.gov/gibill).*

## **For Northwestern Employees**

Northwestern provides tuition benefits for full-time, benefits-eligible employees. The Employee Reduced Tuition benefit is for eligible employees taking undergraduate or graduate courses at Northwestern. You must be full-time and benefits-eligible prior to the start of the term to be eligible for this benefit. The Enhanced Employee Tuition benefit is for eligible employees taking undergraduate or graduate courses at Northwestern. Eligible employees are full-time, benefits-eligible employees who have completed at least three years of full-time, benefits-eligible service prior to the beginning of the term, are earning less than \$100,000 gross annually, and are actively working/on the University payroll. The Dependent Reduced Tuition Plan is for an employee's spouse/civil union partner and dependent child(ren) taking undergraduate courses at Northwestern. In general, you must have completed five years of full-time, benefits-eligible service to be eligible for the Dependent Reduced Tuition Plan; however, only six months of full-time, benefits-eligible service is required for courses pursued in the School of Professional Studies.

It is recommended that you complete the online application at [www.northwestern.edu/myhr](http://www.northwestern.edu/myhr) prior to registration. Only one application is needed per student per calendar year. Forms must be received online by December 31 of the calendar year in which the benefit is requested. Late fees may accrue on accounts where the form has not been submitted in a timely manner. Payment of the student portion of the tuition charges must be made prior to or at the time of registration. These benefits do not cover fees.

For more information, see [www.northwestern.edu/hr/benefits/tuition](http://www.northwestern.edu/hr/benefits/tuition) or contact the Office of Human Resources Benefits Division at [tuition-benefits@northwestern.edu](mailto:tuition-benefits@northwestern.edu) or 847-491-7513.
