CONGRATULATIONS ON BECOMING GREEN LABS CERTIFIED

sustainNU has informed us of your recent achievements in becoming Green Labs Certified. Congratulations from all of us in helping make the world cleaner, safer and healthier. That's a mission we embrace and celebrate with others who are doing the same. By becoming Green Labs Certified, you have earned an exclusive, one-time 40% discount from us. Here's how that will work:

- The sustainNU office will contact us to confirm your certification
- Our local sales team at Northwestern will then be notified
- Our local team will then reach out to you with an Excel file containing a complete list of over 1,000 Greener Choice products from Thermo Fisher Scientific
- You will use the Search tab to review and select the Greener Choice products you are interested in
- The Search Tool allows you to search by Product Category, Brand or Green Feature

Don't hesitate to reach out to anyone on our team if you need help at any time. As your prime supplier for all laboratory needs and the exclusive supplier for all laboratory supplies on iBuyNU, we're here to support you and your research efforts.
