## Welcome aboard!

CTA bus routes #3, #151 and #157 provide frequent service between downtown Chicago stations on the Metra Electric and Rock Island districts and the Streeterville Medical Campus.

For Metra Electric and South Shore lines' Millennium Station, use routes #3 or #157 for convenient access to/from Streeterville. You can also use the #26, #147 or #151, which run on nearby Michigan Avenue.

For Metra Rock Island LaSalle Street Station, use the #151 (stops near LaSalle on Jackson eastbound and Adams westbound).

For specific directions, use your phone's Maps app.

## How to ride

Wait at a designated stop for your route for the next bus and be visible as the bus approaches if not at a terminal so the driver knows you want to board.

Some bus stops have live arrival information, but you can also easily find next arrivals at [ctabustracker.com](http://ctabustracker.com), in apps like the Ventra app or Google Maps or by following text instructions on the bus stop sign.

When approaching your stop, pull the stop cord (above the windows) or press a stop button on poles inside the bus to let the driver know you wish to exit.

## How to pay

All CTA buses have farecard readers at the front of the bus and also take cash/coin. Pay as you board.

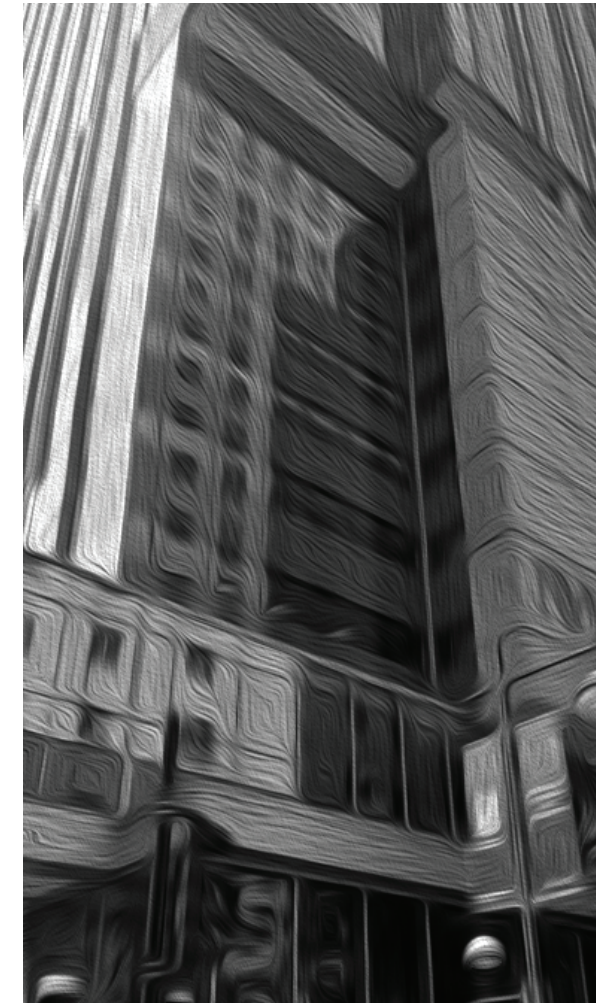

Bus fare is \$2.25 when paying with a farecard (such as a plastic Ventra Card or a virtual Ventra Card loaded into your phone via the Ventra app). You can also pay bus fare with any standard contactless bankcard, including those loaded into your phone for contactless payments.

If paying directly with cash, bus fare is \$2.50 (no transfers available).

If you buy Metra Monthly Tickets, consider adding a Regional Connect Pass for \$30 to your Ventra Card in the Ventra App for unlimited CTA rides, too!
